

ACTA GENETICAE MEDICAE ET GEMELLOLOGIAE

Volumen XVIII

N. 2 - Aprilis 1969

INDEX

- L. Gedda, G. Torrioli-Riggio, G. Del Porto, L. Silvani (Rome, *Italy*):
Pseudo-Pseudo Male Hermaphroditism with Auto-Gonosomic
Mosaic 107
- M. Bartalos, H. B. Richardson Jr. (Washington, *D. C.*):
Aneusomy by Recombination. — A possible example involving
the E18 chromosome 117
- G. Schwanitz, G. Hartwich, J. Becker (Erlangen, *Germany*):
Chromosomal Evidence of Donor Cells Proliferation following
Bone Marrow Transplantation 125
- L. Morcaldi, G. Salvati, G. G. Giordano, G. C. Guazzi (Napoli, *Italy*):
Congenital van Bogaert-Bertrand Disease in a non-Jewish Family . 142
- G. Gaffuri (Pavia, *Italy*):
Taste Sensitivity to PTC in 2000 Families 158
- G. Forrai, G. Bánkóvi (Budapest, *Hungary*):
Relations of Hand Clasping and Arm Folding to Handedness in
Hungarian Children 166
- A. Freire-Maia (Botucatu, *Brazil*):
Human Genetics Studies in Areas of High Natural Radiation . . 175
- Book Reviews 213
-

*The Permanent Committee for the International Congresses
of Human Genetics announces:*

Fourth International Congress of Human Genetics

Paris, Sept. 1-6, 1971

*The Permanent Committee for the International Congresses of Human
Genetics has chosen Paris as the seat for the Fourth Congress.*

*The French Organizing Committee has indicated September 1-6, 1971
as the tentative dates of the Congress.*

*The Chairman of the Organizing Committee is Professor Maurice Lamy
(who is also the French representative in the Permanent Committee);
Professor Jean Frézal is Secretary General.*

A provisional program is being prepared and will be circulated shortly.

*Correspondence concerning the coming Congress should be addressed
as follows:*

QUATRIÈME CONGRÈS INTERNATIONAL
DE GÉNÉTIQUE HUMAINE

FOURTH INTERNATIONAL CONGRESS
OF HUMAN GENETICS

Clinique de Génétique Médicale
Hôpital des Enfants Malades
149 rue de Sèvres
Paris 15, France
