Contributors should submit three copies of articles, typed double-spaced on one side only of A4 or equivalent paper with good margins. Articles should normally be no more than 10,000 words, but longer articles will be considered. There is also provision for shorter notes of up to 5000 words. In the case of articles (though not shorter notes) an abstract of 100 words should also be supplied.

Submission on disk (preferably 3.5") is encouraged. When submitting a disk please specify file name(s), software and type of computer. Our preference is for Apple Macintosh Microsoft Word 5.1, but any other programme is acceptable.

Contributors are urged to aim for clarity of expression with a minimum of jargon.

For matters of style, prospective contributors should use the current issue of the journal as a guide to preferred practice. Detailed guidelines are available from the Editor.

Contributors of accepted articles will be asked to assign their copyright, on certain conditions, to the McDonald Institute for Archaeological Research.

Offprints. Twenty-five free offprints are supplied to authors of published articles, these to be shared between joint authors, and ten free offprints to each author of a review article. Further offprints may be purchased if ordered at proof stage.
