## The Royal Aeronautical Society Conferences

### Aerodynamics research forum

January 9-10: 4 Hamilton Place, London  
*Aerodynamics Group two day conference.*

### Slots and airport facilities

January 21: 4 Hamilton Place, London  
*One day Air Law Group conference.*

### Mediterranean Air Transport Course

February 17-21: Cyprus  
*The 2nd Mediterranean Air Transport Management Course will give attendees a clear insight into the current problems and future developments of air transport and provide a stepping stone to the Oxford Air Transport Course.*

### Surveillance and target acquisition

February 25: DTEO, Boscombe Down  
*One day Guided Flight Group conference.*

### Oxford Air Transport Course

April 6-19: Oxford  
*54th RAeS Oxford Air Transport Course at Oxford will cover aviation technology and operations, air transport economics, airline management and air law.*

### Flight simulation university/industry forum

April 8: 4 Hamilton Place, London  
*One day Flight Simulation Group conference.*

### Windtunnel and windtunnel testing techniques

April 14-16: Cambridge  
*Three day Aerodynamics Group, CEAS forum.*

### Future technology in support of ATM

May 1: 4 Hamilton Place, London  
*One day Air Transport Group conference covering the future technology in support of air traffic management.*

### Flight simulation — expanding the boundaries

May 14-15: 4 Hamilton Place, London  
*Two day Flight Simulation Group conference.*

### Global analysis and information network (Gain)

May 27-28: 4 Hamilton Place, London  
*Two day RAeS, CAA and FAA conference.*

### The lata intercarrier agreement and its effect on electronic ticketing and carriers' liability

June 4: 4 Hamilton Place, London  
*One day Air Law Group conference.*

### Risk management and its role in project management

June 11: 4 Hamilton Place, London  
*One day Management Studies Group conference.*

### Aircraft maintenance engineers conference

June 12: Bristol  
*One day licensing committee conference.*

### Exploitation of commercial technology in guided flight

June 18: 4 Hamilton Place, London  
*One day Guided Flight Group conference.*

**Unless otherwise stated Registration forms available from the Conference Office, 4 Hamilton Place, London W1V 0BQ. Tel +44 (0)171-499 3515. Fax +44 (0)171-493 1438.**
