

THE EMPIRE JOURNAL OF EXPERIMENTAL AGRICULTURE

THIS JOURNAL offers agricultural research workers a medium for disseminating the records and results of their investigations on the feeding and management of live stock, cultivation and manuring of crops, trial of farm machinery, agricultural economics, and experimental techniques.

Vol. XXVII. No. 105

CONTENTS

January 1959

W. B. HAINES: The Significance of Cyclic Peak Yields in Nigerian Oil Palms.—D. T. A. ALDRICH: The Effect of Grazing Management on the Response of Winter Wheat to Spring Defoliation.—I. A. AHMED and A. O. TANTAWY: Breeding Efficiency of Egyptian Cows and Buffaloes.—J. M. L. KOWAL: The Effect of Spacing on the Environment and Performance of Cacao under Nigerian Conditions. I. Agronomy.—T. B. PALTRIDGE: Studies on the Nutrient Status, and Affinity, of some Coconut Soils in Ceylon. With Plate 1.—S. R. CHANT: A Note on the Inactivation of Mosaic Virus in Cassava (*Manihot Utilissima* Pohl.) by Heat Treatment. With Plates 2, 3.—H. SKJERVOLD and Ö. SANDVIK: The Hedmark System for Progeny Testing of Dairy Bulls with Special Reference to Artificial Insemination. With Plate 4.—R. I. LEATHER: Further Investigations into the 'Cape St Paul Wilt' of Coconuts at Keta, Ghana.—P. D. WALTON: Plant Breeding in the Central Rainlands of the Sudan, 1951-6.

CONTENTS

FREER, M. The utilization of irrigated pastures by dairy cows. I. A comparison of rotational and strip grazing. (With Two Text-figures)	129
BREMNER, J. M. and HARADA, T. Release of ammonium and organic matter from soil by hydrofluoric acid and effect of hydrofluoric acid treatment on extraction of soil organic matter by neutral and alkaline reagents	137
BREMNER, J. M. Determination of fixed ammonium in soil	147
STODDART, J. L. The effects of gibberellic acid upon growth habit and heading in late-flowering red clover (<i>Trifolium pratense</i> L.) (With Plates 11-13)	161
TANEJA, G. C. Sweating in cattle. V. Sweat prints. (With Plate 14)	168
MORGAN, J. T., GREEN, F. R., COSTAIN, R. A. and WILLIAMS, E. F. Growth, economy of feed utilization and carcass quality in pigs in relation to dietary protein level and antibiotic administration	170
THOMPSON, A. and RAVEN, A. M. The availability of iron in certain grass, clover and herb species. I. Perennial ryegrass, cocksfoot and timothy. (With Two Text-figures)	177
DAVEY, L. A. and BRIGGS, C. A. E. The normal flora of the bovine rumen. Bacteriological evaluation of rumen contents by the examination of cud. (With One Text-figure)	187
GRIFFITHS, D. J., ROWLANDS, D. G. and PEREGRINE, W. T. H. Cytogenetic relationships of certain artificial and natural species of <i>Avena</i> . (With Plates 15-18)	189
WIDDOWSON, F. V., PENNY, A., WILLIAMS, R. J. B. and COOKE, G. W. The value of calcium nitrate for spring-sown cereals	200
TAYLOR, T. G. The magnesium of bone mineral. (With One Text-figure)	207
SQUIBB, ROBERT, L. Relation of diurnal temperature and humidity ranges to egg production and feed efficiency of New Hampshire hens. (With Five Text-figures)	217
BRAUDE, R., MITCHELL, K. G., CRAY, A. S., FRANKE, A. and SEDGWICK, P. H. Comparison of different levels of all-meal feeding for fattening pigs. (With One Text-figure)	223
JONES, D. J. C. Studies of the chemical composition of kales and rapes. I. The kales	230
JONES, D. J. C. Studies of the chemical composition of kales and rapes. II. The rapes	238
WATTS, P. S. Effects of oxalic acid ingestion by sheep. I. Small doses to chaff fed sheep	244
WATTS, P. S. Effects of oxalic acid ingestion by sheep. II. Large doses to sheep on different diets	250
LOW, A. J. and ARMITAGE, E. R. Irrigation of grassland. (With Plate 19 and Three Text-figures)	256
CHUBB, L. G. and ROWELL, J. G. Counting blood cells of chickens. (With Two Text-figures)	263

The Journal of Agricultural Science is issued every other month in parts of about 120 pages with plates and figures, three parts constituting a volume. Two volumes yearly.

Quotations for available back volumes and parts may be obtained on application to the Cambridge University Press.

Papers for publication should be typewritten or written in a very legible hand, and may be sent to DR J. HAMMOND, School of Agriculture, Cambridge, or to the associate Editors. Other communications should be addressed to the University Press, Cambridge.

If Plates in excess of one per 24 pages of text or coloured plates are submitted the author may be asked to bear the cost of such Plates.

Bibliography should be given under the heading of 'References' in the following form:

Surname of authors (in alphabetical order), initials, date of publication (in brackets), title of Journal (abbreviated according to the *World List of Scientific Periodicals*), volume and page of reference. In the text a reference should be quoted by the author's name and date (in brackets).

All names of Journals and books should be in italics.

Contributors will receive twenty-five copies of their papers free.

The subscription price, payable in advance, is 60s. net per volume (post free); single numbers 25s. net. Subscriptions may be sent to any bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1.

Subscription price in the U.S.A. is \$10.00 per volume; single number \$4.25. Enquiries should be addressed to the Cambridge University Press, American Branch, 32 East 57th Street, New York 22, N.Y.
