

AUSTRIAN STUDIES FROM ST. MARTIN'S PRESS

The War of the Austrian Succession

Reed S. Browning

"At long last we have a thoroughly researched and comprehensive history of the War of the Austrian Succession. Professor Browning has written a witty and engaging narrative that turns the volume's size into a real plus for students and scholars of military and diplomatic history. This is good, old-fashioned history at its best."

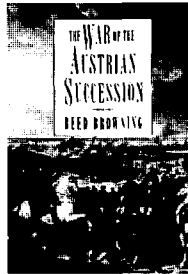

— Charles Ingrao

"A valuable study of an important and greatly neglected conflict. Wide-ranging, stimulating and well written."

— Jeremy Black

The apparent vulnerability of the Habsburg Empire on Maria Theresa's accession destabil-

ized the whole of Europe, and with Frederick the Great's invasion of Silesia a terrible cycle of violence was initiated that lasted for eight years and ravaged much of the continent. *The War of the Austrian Succession* provides a highly readable, coherent narrative of a complex period which fundamentally shaped the European state system.

THE NAVAL POLICY OF AUSTRIA-HUNGARY 1867-1918

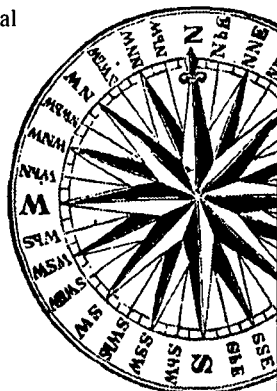

Navalism, Industrial Development,
and the Politics of Dualism

by *Lawrence Sondhaus*

"... Imaginative, buttressed by extensive archival research, and with rare attention to the economic issues of defense policy, Sondhaus's contribution ranks with those of Arthur Marder, Theodore Ropp, and Paul Halpern on pre-1914 European navies. This book will endure."—Samuel R. Williamson, author of *Austria-Hungary and the Coming of the First World War*

"Sondhaus has written a book which was badly needed. He is well qualified to do so from his previous work *The Habsburg Empire and the Sea*, which covered the earlier part of the century. He has now supplemented earlier and often fragmented or partisan works with extensive research in the Austrian archives. Those interested in either naval history or the history of the Habsburg Monarchy will welcome this book."—Paul G. Halpern, author of *The Naval War in the Mediterranean, 1914-1918*

\$39.95* 420 pages, maps, bibliography, index

THE HABSBURG EMPIRE AND THE SEA
Austrian Naval Policy, 1797-1866

"... Sondhaus offers a cogent narrative that knits together a wide variety of naval, diplomatic, military, and political facts and trends."
—Ronald E. Coons, *Austrian History Yearbook*

"Historians talk a great deal about filling gaps in the record of one subject or another, and this carefully researched and well-written work by Sondhaus does exactly that."—Karl A. Roeder, Jr., *American Historical Review*

Working Papers in Austrian Studies

The *Center for Austrian Studies* serves scholars who study the politics, society, economy, and culture of modern Austria and of Habsburg Central Europe. It encourages comparative studies involving Austria or the Habsburg lands and other European states. The working paper series seeks to stimulate discussion in the field and to provide a vehicle for circulating work in progress. It is open to all papers prior to final publication, but gives priority to papers by affiliates of the Center or by scholars who have given seminars or attended conferences at the Center.

If you would like to have a paper considered for inclusion in the series, please contact David Good at the Center for Austrian Studies.
