Managing Editor

Gennifer Levey

Chief Copy Editor

Sumitra Mukerji

Proofreaders

Sylvia Elvin

Rashidah Ismaili AbuBakr

Editorial Board

Affective Neuroscience

Stephanie D. Preston/U. of Michigan

Atypical Neurodevelopment

Simon Baron-Cohen/Cambridge U.

Behavioral Neurogenetics

Wim E. Crusio/CNRS UMR

Cognition and Artificial Intelligence

Zenon Pylyshyn/Rutgers U.

Cognitive and Decision Sciences

Nick Chater/University College London

Cognitive Development

Annette Karmiloff-Smith/Birbeck College

Cognitive Neuroscience

Moshe Bar/Harvard Medical School

Computational Neuroscience

Nestor A. Schmajuk/Duke U.

Evolution of Brain and Cognition

Dean Falk/Florida State U.

Evolution of Cognition

Celia Heyes/Oxford U.

Experimental Analysis of Behavior

A. Charles Catania/U. Maryland, Baltimore County

Language and Language Disorders

Max Coltheart/Macquarie U.

Linguistics

Robert A. Freidin/Princeton U.

Perception

Bruce Bridgeman/U. of California, Santa Cruz

Philosophy of Science

Massimo Piattelli-Palmarini/U. of Arizona

Primate Cognition

Laurie R. Santos/Yale U.

Social Cognition

Mahzarin R. Banaji/Harvard U.

Social Cognitive Neuroscience

Rebecca Saxe/MIT

Vision, Language and Computation

Shimon Edelman/Cornell U.

FOUNDING EDITOR (1978–2001)

Stevan Harnad

Editorial Policy *Behavioral and Brain Sciences* (BBS) is an international journal providing a special service called Open Peer Commentary[™] to researchers in any area of psychology, neuroscience, behavioral biology, or cognitive science who wish to solicit, from fellow specialists within and across these BBS disciplines, multiple responses to a particularly significant and controversial piece of work. (See Instructions for Authors and Commentators, inside back cover and also at <http://journals.cambridge.org/BBSJournal/Inst>) The purpose of this service is to contribute to the communication, criticism, stimulation, and particularly the unification of research in the behavioral and brain sciences, from molecular neurobiology to artificial intelligence and the philosophy of mind.

Papers judged by the editors and referees to be appropriate for Commentary are circulated to a large number of commentators selected by the editors, referees, and author to provide substantive criticism, interpretation, elaboration, and pertinent complementary and supplementary material from a full cross-disciplinary perspective. The article, accepted commentaries, and the author's response then appear simultaneously in BBS.

Commentary on BBS articles may be provided by any qualified professional in the behavioral and brain sciences, but much of it is drawn from a large body of BBS Associates who have become formally affiliated with the project (see <http://journals.cambridge.org/BBSJournal/BBSAssoc>).

Qualified professionals are eligible to become BBS Associates if they have (1) been nominated by a current BBS Associate, (2) refereed for BBS, or (3) had a commentary or article accepted for publication. A special subscription rate is available to Associates. Individuals interested in serving as BBS Associates are asked to view the full instructions for joining at <http://journals.cambridge.org/BBSJournal/Inst/Assoc> and then email bbsjournal@cambridge.org.

Permission to copy (for users in the U.S.A.) is available from Copyright Clearance Center, <http://www.copyright.com>, email: info@copyright.com.

Subscriptions *Behavioral and Brain Sciences* (ISSN 0140-525X) is published bimonthly in February, April, June, August, October, and December. The subscription price of Volume 35 (2012) for *institutions* is US \$1193.00 for print and online, US \$1005.00 for online only, and US \$1093.00 for print only in the U.S.A., Canada, and Mexico; and UK £703.00 for print and online, UK £594.00 for online only, and UK £643.00 for print only elsewhere. The subscription price for *individuals* is US \$346.00 for print and online and US \$321.00 for print only in the U.S.A., Canada, and Mexico; and UK £203.00 for print and online and UK £189.20 for print only elsewhere. For *BBS Associates*, with proof of eligibility with order, US \$132.00 in the U.S.A., Canada, and Mexico; and UK £83.00 elsewhere. For *students*, with proof of eligibility with order, \$111.00 in the U.S.A., Canada, and Mexico; and UK £65.00 elsewhere. Subscription price includes surface postage. Single parts cost US \$238.00 (UK £118.00) plus postage. *Institutional* orders may be sent to a bookseller, or, in the U.S.A., Canada, and Mexico direct to: Cambridge University Press, 32 Avenue of The Americas, New York, NY 10013-2473 email: journals_subscriptions@cambridge.org; in the U.K. and rest of the world to: Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 8RU, England, e-mail: journals_subscriptions@cambridge.cam.ac.uk. *Individuals* must order direct from the Press. You may also subscribe through the Cambridge Journals website, <http://journals.cambridge.org/bbs>.

Postmaster: Send address changes in the U.S.A., Canada, and Mexico to *Behavioral and Brain Sciences*, Cambridge University Press, Journals Dept., 100 Brook Hill Drive, West Nyack, NY 10994-2133, U.S.A. Send address change elsewhere to *Behavioral and Brain Sciences*, Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 8RU, England.

Online availability *Behavioral and Brain Sciences* is part of the Cambridge Journals Online (CJO) service at <http://journals.cambridge.org>.

Institutional subscribers: Access to full-text articles online is currently included with the cost of the print subscription. Subscription must be activated; see <http://cambridge.journals.org>.

Advertising Inquiries about advertising should be sent to the Journals Advertising Department of the Cambridge or New York Office of Cambridge University Press.

*Modelled on the "CA Comment" service of the journal *Current Anthropology*.
