

NATHANIEL H. LEFF

**THE BRAZILIAN CAPITAL
GOODS INDUSTRY, 1929-1964**

A case study of industrial development in Brazil, this work pays particular attention to the emergence of capital goods production, the supply and utilization of technically educated and skilled manpower, and the scope of the market, its fluctuations, and its rate of growth. *Center for International Affairs.* \$5.50

HELIO JAGUARIBE

**ECONOMIC AND POLITICAL
DEVELOPMENT**

**A Theoretical Approach and a
Brazilian Case Study**

Mr. Jaguaribe provides a theoretical discussion of the political requirements of economic development and a detailed analysis of the development process in Brazil from the colonial phase until today, then compares Brazil's experiences with those of other Latin American countries. \$5.75

**OLIVER OLDMAN,
HENRY J. AARON,
RICHARD M. BIRD, and
STEPHEN L. KASS**

**FINANCING URBAN
DEVELOPMENT IN MEXICO CITY**

**A Case Study of Property Tax, Land
Use, and Urban Planning**

Employing methods tested in the U.S., the authors examine the problems engendered by Mexico City's rapid population growth and unplanned industrial and commercial expansion, and suggest means of reform that are applicable to other Latin American cities as well. *Harvard Law School International Tax Program.* \$11.95

**RAYMOND VERNON,
editor**

**PUBLIC POLICY AND PRIVATE
ENTERPRISE IN MEXICO**

"All of the four essays seem to merit commendation and deserve scrutiny by specialists in the fields of Latin American history and the development of economically retarded nations in general. . . . The style of the entire volume is outstanding for its precision and clarity."—*The Hispanic American Historical Review.* *Center for International Affairs.* \$6.95

VITAL ISSUES IN LATIN AMERICA

Technological Change & Economic Development

The Manufacturing Experience of Mexico and Puerto Rico

By W. PAUL STRASSMANN. In this valuable new study, the author charts the typical course that technological change in manufacturing takes during early industrialization. Based on a comprehensive survey of available literature and on extensive research in Mexico and Puerto Rico, the book examines the reasons for the remarkable technological advances made in those areas from 1940 to 1965.

368 pages, 26 tables. \$12.50

Human Fertility in Latin America

Sociological Perspectives

By J. MAYONE STYCOS. The population explosion has occurred with greater force in Latin America than in any other area of the world. Professor Stycos explores the reasons why in research that ranges from the projective testing of Haitian peasants to ecological correlations of Peruvian census data.

288 pages, tables, charts. \$10.00

Huaylas

An Andean District in Search of Progress

By PAUL L. DOUGHTY. (A peasant community that is successfully adapting to a modern economy.) Professor Doughty paints a vivid picture. He describes their culture, their economics, and their government, to show how large public works projects have played a pivotal role in stimulating community pride and enthusiasm for modernization.

328 pages, 3 maps, 6 figures, 38 tables, 23 photographs. A Cornell Study in Anthropology. \$12.50

The Urban Explosion in Latin America

A Continent in Process of Modernization

Edited by GLENN H. BEYER. Leading historian, demographers, architects, economists, political scientists, city planners, and sociologists discuss the future of the city in Latin America.

406 pages. \$9.75

Cambridge Latin American Studies

Editors: DAVID JOSLIN and JOHN STREET

A new series of monographs on Latin American history, geography, economics and social studies. Each volume is a detailed study based on original research. The following have been published; others are in preparation.

Ideas and Politics of Chilean Independence 1808–1833

SIMON COLLIER

A survey of the interplay of political ideas and action in Chile from the beginning of the Spanish imperial crisis to the effective stabilization of the new republic under Diego Portales. \$11.00

Church Wealth in Mexico

MICHAEL P. COSTELOE

An examination of the Juzgado de Capellanías in the Archbishopric of Mexico, 1800–1856. The author discusses the differing views of liberals and clergy in relation to the Juzgado, and the structure and operation of the Juzgado and its relations with the state. \$5.50

The Mexican Revolution 1910–1914

PETER CALVERT

A study of the development of the Mexican revolution between 1910 and 1914 and of the associated diplomatic conflict between Britain and the United States. For the first time the British side is examined in detail from original documentary sources. \$9.50

Britain and the Onset of Modernization In Brazil 1850–1914

RICHARD GRAHAM

Describes British involvement in the initial stages of Brazilian modernization, showing how in some sectors—for instance their hold on the import-export economy—the British acted as a brake, and in others—such as expansion of the coffee economy—fostered change and growth. The British role in other areas is also discussed. \$9.50

*Politics and the Labor
Movement in Latin America*

VICTOR ALBA

This book is a comprehensive history of the Latin American labor movement with emphasis on the political factors, both national and international, that have so largely shaped and been shaped by the movement's course. For this edition, the author has added a chapter on the probable future of the Latin American labor movement. The original Spanish text, published in 1964, has been corrected, reorganized, updated, and edited for this English edition.
