

# INFECTION CONTROL & HOSPITAL EPIDEMIOLOGY

VOLUME 33, NUMBER 8

AUGUST 2012

## ORIGINAL ARTICLES

- 761 **Effectiveness of Multifaceted Hand Hygiene Interventions in Long-Term Care Facilities in Hong Kong: A Cluster-Randomized Controlled Trial** • Mei-lin Ho, MBBS, MPH, FHKCCM, FHKAM, FFPH; Wing-hong Seto, MBBS, MRCP, FRCPath, FHKCPath, FHKAM; Lai-chin Wong, BSc, MSc; Tin-yau Wong, MBBS, MPH, MSc, FHKCP, FRCP, FHKAM
- 768 **Enhanced Surgical Site Infection Surveillance Following Hysterectomy, Vascular, and Colorectal Surgery** • Deborah S. Yokoe, MD, MPH; Yosef Khan, MBBS, MPH; Margaret A. Olsen, PhD, MPH; David C. Hooper, MD; Maurice Greenbaum, MD; Johanna Vostok, MPH; Julie Lankiewicz, MPH; Victoria J. Fraser, MD; Kurt B. Stevenson, MD, MPH; for the Centers for Disease Control and Prevention Epicenters Program
- 774 **The Mayo Prosthetic Joint Infection Risk Score: Implication for Surgical Site Infection Reporting and Risk Stratification** • Elie F. Berbari, MD; Douglas R. Osmon, MPH, MD; Brian Lahr, MS; Jeanette E. Eckel-Passow, PhD; Geoffrey Tsaras, MD; Arlen D. Hanssen, MD; Tad Mabry, MD; James Steckelberg, MD; Rodney Thompson, MD
- 782 **Increasing Burden of Methicillin-Resistant *Staphylococcus aureus* Hospitalizations at US Academic Medical Centers, 2003–2008** • Michael Z. David, MD, PhD; Sofia Medvedev, PhD; Samuel F. Hohmann, PhD; Bernard Ewigman, MD; Robert S. Daum, MD
- 790 **Electronic Surveillance for Infectious Disease Trend Analysis following a Quality Improvement Intervention** • Kari E. Peterson, BA; Donna M. Hacek, MT(ASCP); Ari Robicsek, MD; Richard B. Thomson Jr, PhD; Lance R. Peterson, MD
- 796 ***Staphylococcus aureus* Colonization before Infection Is Not Associated with Mortality among *S. aureus*-Infected Patients: A Meta-Analysis** • Marin L. Schweizer, PhD; Ann Bossen, MSN; Jennifer S. McDanel, MS; Leslie K. Dennis, PhD, MS
- 803 **Nasal Swab Screening for Methicillin-Resistant *Staphylococcus aureus*—How Well Does It Perform? A Cross-Sectional Study** • Ann Matheson, MPH; Peter Christie, MBChB; Traiani Stari, PhD; Kim Kavanagh, PhD; Ian M. Gould, MBChB; Robert Masterton, MBChB; Jacqui S. Reilly, PhD
- 809 **Chlorhexidine Gluconate Reduces Transmission of Methicillin-Resistant *Staphylococcus aureus* USA300 among Marine Recruits** • Timothy J. Whitman, DO; Carey D. Schlett, MPH; Greg A. Grandits, MS; Eugene V. Millar, PhD; Katrin Mende, PhD; Duane R. Hospenthal, MD, PhD; Patrick R. Murray, PhD; David R. Tribble, MD, DrPH
- 817 **Recent Exposure to Antimicrobials and Carbapenem-Resistant Enterobacteriaceae: The Role of Antimicrobial Stewardship** • Dror Marchaim, MD; Teena Chopra, MD; Ashish Bhargava, MD; Christopher Bogan, BS; Sorabh Dhar, MD; Kayoko Hayakawa, MD, PhD; Jason M. Pogue, PharmD; Suchitha Bheemreddy, MD; Christopher Blunden, BS; Maryann Shango, MD; Jessie Swan, BS; Paul R. Lephart, PhD; Federico Perez, MD; Robert A. Bonomo, MD; Keith S. Kaye, MD, MPH
- 831 **A Toolkit for Monitoring Hospital-Acquired Bloodstream Infection in Neonatal Intensive Care** • Pamela Leighton, PhD; Mario Cortina-Borja, PhD; Michael Millar, MD; Stephen Kempley, FRCPCH; Ruth Gilbert, MD

THE OFFICIAL JOURNAL OF THE SOCIETY FOR HEALTHCARE EPIDEMIOLOGY OF AMERICA

## Join SHEA

---

Access to the information you need to meet the infection prevention challenges ahead.

- One year subscription to *Infection Control & Hospital Epidemiology*
- Online access to *Infection Control & Hospital Epidemiology*
- Monthly newsletter with abstracts of scientific journal articles and current events
- Online job board
- Online member search
- Continuing Medical Education (CME) and Continuing Nursing Education (CNE) opportunities

## About SHEA

---

The Society for Healthcare Epidemiology of America (SHEA) was founded in 1980 to advance the science of healthcare epidemiology and infection prevention. SHEA works to maintain the utmost quality of patient care and healthcare worker safety in all healthcare settings, applying epidemiologic principles and prevention strategies to a wide range of quality-of-care issues. SHEA is strengthened by its active membership in all branches of medicine, public health, and healthcare epidemiology. The Society's expertise is sought by healthcare regulatory and accrediting agencies, and its scientific voice is influential in guiding decision-making bodies towards rational, effective, cost-conscious policies.

## Mission

---

SHEA's mission is to prevent and control healthcare-associated infections and advance the field of healthcare epidemiology.

## Core Values

---

SHEA as an organization:

- Advances the science of healthcare epidemiology through research and education
- Translates knowledge into effective policy and practice
- Mentors, trains and promotes professional development in healthcare epidemiology
- Collaborates and shares expertise with other organizations
- Adheres to high ethical standards and promotes honesty and ethical principles in the practice of epidemiology

## Areas of Focus

---

- Epidemiologic research and laboratory investigation
- Applying the best evidence for protecting patients and reporting data
- Risk reduction programs focused on device and procedure management
- Policy development and implementation
- Education and information

Please contact [info@shea-online.org](mailto:info@shea-online.org) with membership inquiries.

**Join SHEA at [www.shea-online.org](http://www.shea-online.org)**

# INFECTION CONTROL & HOSPITAL EPIDEMIOLOGY

VOLUME 33, NUMBER 8

AUGUST 2012

CONTENTS CONTINUED FROM COVER

## CONCISE COMMUNICATIONS

- 837 **“What the Eyes Don’t See, the Heart Doesn’t Grieve Over”: Epidemiology and Risk Factors for Bloodstream Infections following Cardiac Catheterization** • Kristen V. Dicks, MD; Russell Staheli, MPH; Deverick J. Anderson, MD, MPH; Becky A. Miller, MD; W. Schuyler Jones, MD; J. Kevin Harrison, MD; Daniel J. Sexton, MD, FIDSA; Rebekah W. Moehring, MD; Luke F. Chen, MBBS, MPH, CIC, FRACP
- 842 **Chinks in the Armor: Activation Patterns of Hollow-Bore Safety-Engineered Sharp Devices** • Lisa Black, PhD, RN, CNE; Ginger Parker, MBA; Janine Jagger, MPH, PhD
- 845 **Incidence Rates of Healthcare-Associated Infection in a Pediatric Home Healthcare Service** • André Ricardo Araujo da Silva, MD, PhD; Cristina Vieira de Souza, RN; Mario Eduardo Viana Guimarães, MD, PhD; Guilherme Sargentelli, MD; Marisa Zenaide Ribeiro Gomes, MD, MSc, PhD
- 849 **Resource Burden Associated with Contact Precautions for Methicillin-Resistant *Staphylococcus aureus* and Vancomycin-Resistant Enterococcus: The Patient Access Managers’ Perspective** • Erica S. Shenoy, MD, PhD; Rochelle P. Walensky, MD, MPH; Hang Lee, PhD; Benjamin Orcutt, CHAM; David C. Hooper, MD

## RESEARCH BRIEF

- 853 **Extended-Spectrum  $\beta$ -Lactamase Producers Reported as Susceptible to Piperacillin-Tazobactam, Cefepime, and Cefuroxime in the Era of Lowered Breakpoints and No Confirmatory Tests** • Dror Marchaim, MD; Bharath Sunkara, MD; Paul R. Lephart, PhD; Uma Mahesh Gudur, MBBS; Ashish Bhargava, MD; Ryan P. Mynatt, PharmD; Jing J. Zhao, PharmD; Suchitha Bheemreddy, MD; Kayoko Hayakawa, MD, PhD; Teena Chopra, MD; Sorabh Dhar, MD; Keith S. Kaye, MD, MPH

## LETTERS TO THE EDITOR

- 856 **Conclusion of Avery et al—Validation of Findings But Concern about Rationale** • Rebekah W. Moehring, MD; Daniel J. Sexton, MD; Deverick J. Anderson, MD, MPH
- 857 **Reply to Moehring et al** • Taliser R. Avery, MS; Ken P. Kleinman, ScD; Michael Klompas, MD, MPH; Ann Aschengrau, ScD, MS; Susan S. Huang, MD, MPH
- 858 **When an Infection Prompts Removal of an Unnecessary Device** • Nicola Petrosillo, MD; Stefano Di Bella, MD; Fabrizio Taglietti, MD
- 860 **Factors Associated with Not Removing Urinary Catheter after Reminder** • Anucha Apisarnthanarak, MD; Suwimon Khusuwan, MD; Pornvimol Leethong, MD; Nontalee Thongsong, MD; Paisan Techawaleekul, MD; Thanana Khawcharoenporn, MD, MSc
- 861 **Hierarchy and Hand Hygiene: Would Medical Students Speak Up to Prevent Hospital-Acquired Infection?** • Rohit Samuel; Alex Shuen; Claire Dendle, MBBS, FRACP, GCHPE; Despina Kotsanas, BSc(Hons), MClinEpi; Carmel Scott, CICP; Rhonda L. Stuart, MBBS, FRACP, PhD

*Infection Control and Hospital Epidemiology* (ISSN 0899-823X) is published monthly by the University of Chicago Press, 1427 E. 60th St., Chicago, IL 60637-2954 (<http://www.journals.uchicago.edu/ICHE/>). The editorial office is in Chicago, Illinois.

**Editorial Office**

Communications should be addressed to the Editor, *Infection Control and Hospital Epidemiology*, 1427 E. 60th St., Chicago, IL 60637-2954; (e-mail: [iche@press.uchicago.edu](mailto:iche@press.uchicago.edu); telephone: 773-702-2538, fax: 773-753-4247). Contributors should consult the Information for Authors, which is available at the journal's Web site.

**Advertising**

Please direct advertising inquiries to Paul Tucker, Breuning Nagle Associates, 59 Grove Street, New Canaan, CT 06840 (e-mail: [paul@bna1.com](mailto:paul@bna1.com); telephone: 847-669-1096, fax: 203-801-0011). Publication of an advertisement in *Infection Control and Hospital Epidemiology* does not imply endorsement of its claims by the Society for Healthcare Epidemiology of America, by the Editor, or by the University of Chicago. Correspondence regarding advertising should be addressed to the advertising office in Chicago.

**Permissions**

Articles may be copied or otherwise reused without permission only to the extent permitted by Sections 107 and 108 of the US Copyright Law. Permission to copy articles for personal, internal, classroom, or library use may be obtained from the Copyright Clearance Center (<http://www.copyright.com>). For all other uses, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale, please contact the Permissions Coordinator, Journals Division, University of Chicago Press, 1427 E. 60th St., Chicago, IL 60637 (e-mail: [journalpermissions@press.uchicago.edu](mailto:journalpermissions@press.uchicago.edu); fax:

773-834-3489). Articles in the public domain may be used without permission, but it is customary to contact the author.

**Subscriptions**

Individual subscription rates for 2012 are \$191. Lower rates for fellows, residents, and students are available at <http://www.journals.uchicago.edu/ICHE>. Individuals have the option to order directly from the University of Chicago Press. Institutional print + electronic and e-only subscriptions are available through JSTOR's Current Scholarship Program and include unlimited online access; rates are tiered according to an institution's type and research output: \$425 to \$1,063 (print + electronic), \$340 to \$884 (e-only). Institutional print-only is \$425. Additional taxes and/or postage for non-U.S. subscriptions may apply. Subscription agent for Japan: Kinokuniya Company, Ltd. Free or deeply discounted access is available in most developing nations through the Chicago Emerging Nations Initiative (<http://www.journals.uchicago.edu/ceni/>).

Please direct subscription inquiries, requests for back issues, and address changes to Journals Division, University of Chicago Press, P.O. Box 37005, Chicago, IL 60637 (e-mail: [subscriptions@press.uchicago.edu](mailto:subscriptions@press.uchicago.edu); telephone: 773-753-3347 or toll-free in the United States and Canada 877-705-1878; fax: 773-753-0811 or toll-free 877-705-1879).

**Postmaster:** Send address changes to *Infection Control and Hospital Epidemiology*, University of Chicago Press, P.O. Box 37005, Chicago, IL 60637-2954.

Periodicals postage paid at Chicago, Illinois, and at an additional mailing office.

# INFECTION CONTROL & HOSPITAL EPIDEMIOLOGY

## Call for Manuscripts: The Role of the Environment in Infection Prevention

*Infection Control and Hospital Epidemiology (ICHE)* is pleased to announce that it will publish a peer-reviewed, special topic issue devoted to the role of the environment in infection prevention and healthcare epidemiology. This issue will be published in conjunction with the spring meeting of the Society for Healthcare Epidemiology of America ([www.shea-online.org](http://www.shea-online.org)) to be held in Atlanta, Georgia, May 2013. This conference will include a forum on the role of the environment that will bring together leaders from a variety of healthcare settings to discuss current research, effective strategies, and future research agendas.

Of particular interest are papers that address the following:

- Sterilization and disinfection: methods and technology, devices, quality and process improvement
- How to clean and disinfect the environment: methods and technology, quality and process improvement, daily vs. terminal cleaning
- The role of the environmental reservoir in transmission and outbreaks of specific organisms, and methods of control (e.g., MDROs, *C. difficile*, and *Legionellae*)
- Decolonization of patients to prevent specific infectious syndromes (e.g., BSI, SSI or VAP) and specific organisms (e.g., MRSA, *C. difficile*)
- Related issues in different patient populations (e.g., pediatrics, geriatrics) or special units (e.g., ICU, ER, hematology, transplant or non-acute care settings)
- Architectural design, construction, and renovation – environmental considerations for infection prevention

Authors are invited to submit their work electronically via Editorial Manager ([www.editorialmanager.com/iche](http://www.editorialmanager.com/iche)) no later than **October 1, 2012**. Research papers in the form of original articles (up to 3,000 words), concise communications (up to 1,200 words), and research briefs (up to 900 words) will be considered for review.

For manuscript preparation details, please see "For Contributors" at [www.journals.uchicago.edu/ICHE](http://www.journals.uchicago.edu/ICHE) or contact the editorial office at [iche@press.uchicago.edu](mailto:iche@press.uchicago.edu).

# Find the latest in infection control research and practice information in AJIC

## American Journal of Infection Control

EDITOR: Elaine L. Larson, RN, PhD, FAAN, CIC

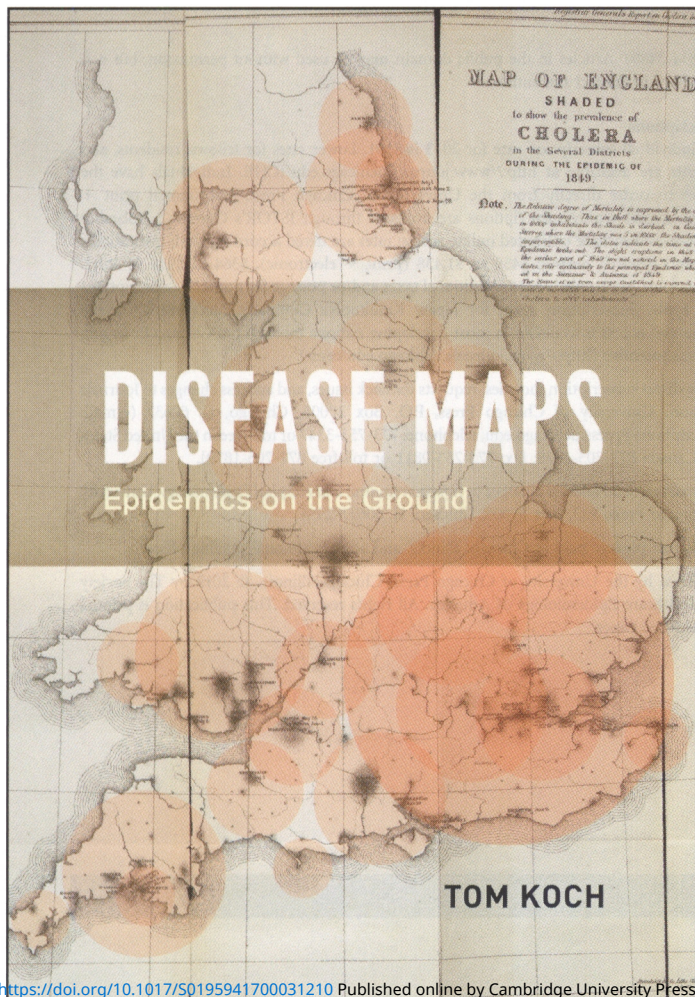

**AJIC** covers key topics and issues in infection control and epidemiology. Infection control professionals, including physicians, nurses, and epidemiologists, rely on **AJIC** for peer-reviewed articles covering clinical topics as well as original research. As the official publication of the *Association for Professionals in Infection Control and Epidemiology, Inc. (APIC)*, **AJIC** is the foremost resource on infection control, epidemiology, infectious diseases, quality management, occupational health, and disease prevention. **AJIC** also publishes relevant infection control guidelines. **AJIC** is included in Index Medicus and CINAHL.

Official Publication  
of the Association for  
Professionals in  
Infection Control and  
Epidemiology, Inc.

full text articles; free e-alerts and search personalization, and more!

Submit your manuscript at: <http://ees.elsevier.com/ajic/>

## FORTHCOMING IN MAY

"*Disease Maps* is an extraordinary visual and narrative treat. I have come to look forward to Tom Koch's books for the wonderful and unique way that he can synthesize data and present it visually and in the process tell us magnificent stories."

Dr. Abraham Verghese,  
Stanford University School of Medicine

"This is a masterful book in conception and structure. It is also extremely well written. What we find on reading is an exquisite telling of the history of the medical science of disease. The collection of medical maps, diagrams, and other illustrations is impressive in scope—there are many disease maps shown that have not been publicly available before or collected in one place."

Michael Friendly,  
York University

 **Emerald Journals**

## Clinical Governance

*An International Journal*

*Clinical Governance: An International Journal* aims to address the doubts, queries, triumphs and practical applications of introducing quality assurance mechanisms into the delivery of care.

The journal takes an international stance and covers key developments worldwide which can inform best practice in health care. Efficiency, effectiveness and economics are the main factors in the assessment of best practice and all are addressed in the research- audit- and evidence-based papers published. All papers are peer reviewed to ensure their validity and value to current debates.

### **The journal publishes:**

- Research articles which illustrate clear implications for practice
- Results-focused case studies which discuss problems and successes in clinical governance techniques
- Special issues on topical themes

Research you can use

“An accessible and gripping narrative on a serious topic that manages to explain, in plain English, how viruses are changing the world.”—NATHAN WOLFE, founder and CEO of Global Viral Forecasting

# A Planet of **Viruses**

CARL ZIMMER

“*A Planet of Viruses* is an important primer on the viruses living within and around all of us—sometimes funny, other times shocking, and always accessible. Whether discussing the common cold and flu, little-known viruses that attack bacteria or protect oceans, or the world’s viral future as seen through our encounters with HIV or SARS, Zimmer’s writing is lively, knowledgeable, and graced with poetic touches.”

—REBECCA SKLOOT, author of *The Immortal Life of Henrietta Lacks*

Address infection prevention and quality of patient care with this hands-on guide to epidemiologic principles and prevention strategies.

In recent years, issues of infection prevention and control, patient safety, and quality-of-care have become increasingly prominent in healthcare facilities. *Practical Healthcare Epidemiology* takes a practical, hands-on approach to these issues, addressing all aspects of infection surveillance and prevention in clear, straightforward terms. This fully revised third edition brings together the expertise of more than fifty leaders in healthcare epidemiology who provide clear, sound guidance on infection prevention and control for the full range of patients in all types of healthcare facilities, including those in settings with limited resources. A powerful resource for practitioners in any branch of medicine or public health who are involved in infection prevention and control, whether they are experienced in healthcare epidemiology or new to the field.

*"A handy desk reference and an up-to-date primer for trainees and experts alike."* — JAMA, The Journal of the American Medical Association

*"An essential for anyone in the field."* — Thomas R. Talbot, Chief Hospital Epidemiologist, Vanderbilt University Medical Center

*"A much-needed response to the currently tough challenges posed to healthcare epidemiologists and infection preventionists ... highly recommended reading for trainees and professionals in infection control—and healthcare epidemiologists in particular."*  
—Clinical Infectious Diseases
