PORTMAN FOUNDATION
AND E.N.T. DEPARTMENT OF
THE UNIVERSITY OF BORDEAUX II (FRANCE)

FUNCTIONAL OTOLOGICAL MICRO SURGERY POST-GRADUATE COURSE

from JULY 1st to JULY 9th, 1974

Conducted by MICHEL PORTMANN, M.D., and collaborators.

THIS Course includes: theoretical and practical lectures; otological operations demonstrated by colour television; laboratory sessions on the temporal bone; case presentations. Fees: 1 500 French francs.

Enquiries to: Secretary of the Course, Clinique Universitaire d' O.R.L. 86 Cours d'Albret - 33000 Bordeaux - France.

THE EDUCATION AND AUDITORY RESEARCH FOUNDATION

THE E.R.A. Foundation announces the First International Workshop on Sensorineural Deafness to be held in Nashville, Tennessee, November 4 through 8, 1974. All aspects of the diagnosis and treatment of sensorineural deafness are to be covered by an outstanding faculty. While basic research activities will be fully represented the primary theme of the workshop is to be clinical.

Address inquiries to: Michael E. Glasscock, III, M.D., Program Chairman, The E.A.R. Foundation, Box A, Nashville, Tennessee, 37219, U.S.A.

UNIVERSITY OF CALIFORNIA DAVIS MAXILLOFACIAL INJURIES COURSE

25-29 MARCH 1974

THIS annual course will be given by the Department of Otorhinolaryngology, University of California School of Medicine at Davis. As in the past, in addition to comprehensive didactic lectures on all aspects of soft tissue and skeletal injuries, as well as fractures of the larynx and temporal bone, applicable dental subjects will be included. Ample laboratory experience will be provided. The fee is \$350.00.

Please write to: Leslie Bernstein, M.D., D.D.S., Department of Otorhinolaryngology, UCD School of Medicine, Davis, California 95616.

THIRD ASIA OCEANIA CONGRESS OF OTORHINOLARYNGOLOGY

THE Third Asia Oceania Congress of Otorhinolaryngology will take place in Bali, Indonesia, 13-17 July, 1975.

Interested otorhinolaryngology colleagues are cordially invited.

For further information please contact Dr. D. Affandi, Secretary General, P.O. Box 2380, Jakarta, Indonesia.

General notes

COURSE IN LARYNGOLOGY AND BRONCHOSOPHAGOLOGY

THE Department of Otolaryngology, Abraham Lincoln School of Medicine of the University of Illinois and the Eye and Ear Infirmary of the University of Illinois Hospital, will conduct a continuing education course in Laryngology and Bronchoesophagology 18 to 23 March 1974. The course is limited to twenty physicians and will be under the direction of Paul H. Holinger, M.D. It will be held largely at the Eye and Ear Infirmary, 1855 West Taylor Street, Chicago, and will include visits to a number of other Chicago hospitals. Instruction will be provided by means of animal demonstrations and practice in bronchoscopy and esophagoscopy, diagnostic and surgical clinics, as well as didactic lectures.

Interested physicians will please write directly to the Department of Otolaryngology, Eye and Ear Infirmary, 1855 West Taylor Street, Chicago, Illinois 60612.

CLINICAL AUDIOLOGY COURSE, MARCH 1974

A FURTHER non-residential Course in Clinical Audiology will be given by the Operational Acoustics and Audiology Group of the Institute of Sound and Vibration Research during the period 25 to 29 March 1974. The course, now of five days, is intended primarily for specialists in otolaryngology and trainees in the speciality and will consist of lectures and demonstrations of the latest audiological and vestibulometric techniques.

To prevent overcrowding of demonstrations, the course number will be limited to twenty-four, and early application is therefore advised. The fee will be £50.

Further information may be obtained from the I.S.V.R. Conference Secretary (Mrs. O. G. Hyde), The University, Southampton SO9 5NH. Telephone: Southampton (0703) 559122 Extension 2310.

TEMPORAL BONE SURGICAL DISSECTION COURSE

THE Los Angeles Foundation of Otology announces a two-week Temporal Bone Surgical Dissection Course demonstrating the multiple approaches to the structures of the temporal bone as currently used by members of the Otologic Medical Group, Inc.

The course members will be divided each day to observe televised surgery that will correlate with the dissections of the day. Evenings will be devoted to lectures and motion picture demonstrations.

The instructors will dissect in the temporal bone laboratory over closed circuit television and each student will be supervised at the various procedures and approaches are performed.

Twenty otolaryngologists and residents will be accepted in each course. Courses will be presented 17 February to 1 March, 17 to 29 March, 7 to 19 April, 11 to 23 August and 13 to 25 October, 1974. The tuition for otolaryngologists is \$1,000 and for residents \$750 in United States currency.

For further information address communications to: Doctor Jack L. Pulec, Los Angeles Foundation of Otology, 2130 West Third Street, Los Angeles, California 90057.
