MUSING THE OBSCURE**

**RONALD SUKENICK**

*Readings, an interpretation, and a guide to the collected poetry.*

Stevens is among the most obscure of the major modern poets, but unlike his contemporaries Eliot, Yeats, and Pound, his poetry has never before been given the kind of thorough explication it requires. This book gives intensive, line-by-line readings of the major poems and also offers a broad, interpretative essay on the poet. 235 pages. \$2.45 paper/\$8.00 cloth.
