

GENERAL NOTES

ROYAL SOCIETY OF MEDICINE.

I *Wimpole Street, London, W.1.*

Section of Laryngology. The next meeting of the Section will be held on Friday, December 2nd. At 3.30 p.m. there will be a joint meeting with the Section of the History of Medicine. A paper will be read by Sir St. Clair Thomson, on "The History of Cancer of the Larynx." At 5 p.m. there will be a discussion on "Functional Disorders of the Voice." This will be opened by Dr. Douglas Guthrie and Dr. Augustus Milner.

President : C. A. Scott Ridout, M.S., Clarendon Road, Southsea.

Hon. Secretaries : M. L. Formby, F.R.C.S., 3 Queen Anne Street, W.1 ; J. C. Hogg, F.R.C.S., 106 Harley Street, W.1.

* * *

Section of Otology. The next meeting of the Section will be held on December 2nd, at 10.30 a.m. There will be a discussion on "Internal Ear Deafness." This will be opened by Mr. Watkyn-Thomas. A paper will be read by Dr. A. F. Rawdon Smith on "The electrical activity of the totally deaf ear."

President : E. D. D. Davis, F.R.C.S., 9 Weymouth Street, W.1.

Hon. Secretaries : C. Hamblen Thomas, F.R.C.S., 26 Harley Street, W.1 ; C. S. Hallpike, F.R.C.S., Ferens Institute, Middlesex Hospital.

* * *

We regret to report the death of Mr. J. A. Gibb (Maidstone).

Peroral Endoscopy Table

Fitted with Head Rest for BRONCHOSCOPY, ŒSOPHAGOSCOPY,
NASAL OPERATIONS Etc.

Designed by V. E. NEGUS, M.S., F.R.C.S.

The head rest enables the operator himself to place the patient in the desired position for a variety of operations. All parts touched by the operator are sterilisable.

The apparatus is an elaboration of Haslinger's Bronchoscopic head rest, but its range of utility is extended to enable the patient to be supported with the shoulders beyond the end of the table for œsophagoscopy, and to be kept in the correct attitude during operations performed in the sitting or semi-sitting position.
