

Unlock a moment in time

Rafter Radiocarbon dating services

When you seek knowledge of “a moment in time” Rafter Radiocarbon, the world’s oldest continuously operating radiocarbon lab, can provide the answers.

For over 50 years we have been providing services to clients throughout the world.

As a department within a scientific research institute, our facility retains all analyses within our own site; is staffed with experienced and dedicated technicians operating modern equipment with our own scientists to provide stringent quality assurance; and has a tradition of scientific excellence and innovative thinking.

We are a regular participant in the International Radiocarbon Intercomparisons, price competitively, and we deliver quality analysis to deadlines.

Contact us for a FREE consultation on applicability and sampling.
