The Great Plague

The Story of London's
Most Deadly Year

A. Lloyd Moote and
Dorothy C. Moote

"I read this book with enormous pleasure . . . The interwoven narratives of Pepys and other witnesses give a wonderful feel of London's tensions. As an account of a city whose economy slips into crisis as a result of a medical catastrophe, this has never been bettered."

—Roy Porter

\$29.95 hardcover

Speaking for Nature

Women and Ecologies of Early Modern
England

Sylvia Bowerbank

"Sylvia Bowerbank's engaged study melds the concerns of a contemporary ecofeminism with literary scholarship. Ecologists will encounter a rich history of writings and activities by early modern women who brought critical perspectives to bear on ideas about nature. Students of women's writing will meet familiar figures in new guises."—Ann B. Shteir, York University

\$49.95 hardcover

Salutary lessons

Writings of the Luddites

edited by Kevin Binfield

"It opens a window upon the writings and rhetoric of a volatile and often dangerous group of activists whose activities were well known to the contemporary cultural elite, the political establishment, and the masses, and whose threat to the social and political system of the times was very real. The impact of this book for studies of British Romantic culture cannot be overestimated."—Stephen C. Behrendt, University of Nebraska

\$49.95 hardcover

Imagining Inclusive Society in Nineteenth-Century Novels

The Code of Sincerity in the Public Sphere
Pam Morris

"This is a striking, original, inventive, and worthwhile contribution to current debates about what cautionary and salutary lessons Victorian mass and high culture have to offer us today. I look to it to spark a productive and impassioned discussion about the relationship between literary notions of the public, the nation, the crowd, and mass culture."

—John Plotz, Brandeis University

\$44.95 hardcover

Harlequin Britain

Pantomime and Entertainment, 1690–1760
John O'Brien

"An original and provocative study of the ways in which pantomime, entertainment, and modernity are entwined in English culture. It adds significantly to our understanding of the role of the theater in the early eighteenth century and makes a compelling case for the significance of theatrical performance to the emergence of the Habermasian bourgeois public sphere."—Robert Markley, University of Illinois

Oxford Dictionary of National Biography

in association with the British Academy

Over a twelve-year period a distinguished supervisory committee from the University of Oxford, with a grant from the British Academy, has recreated one of the great English reference works. The result is the *Oxford Dictionary of National Biography*—a collection of 50,000 specially-written biographies of men and women who have shaped all aspects of the British past, from the earliest times to the end of the year 2000.

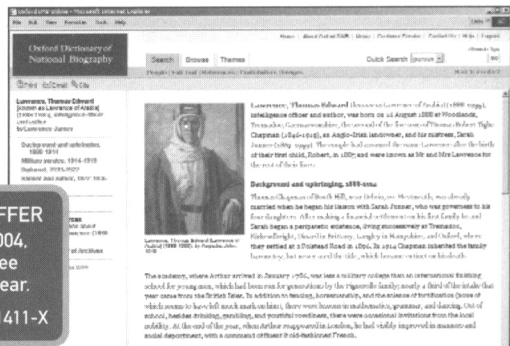

Expanding on the original DNB, published more than 100 years ago, the Oxford DNB now includes:

- More than 13,500 newly selected people from all historical periods
- Extensive revisions to the original 36,000 articles
- Coverage of influential figures from all walks of life
- 10,000 portrait illustrations compiled in partnership with the National Portrait Gallery in London and drawn from more than 1,300 portrait galleries, museums and collections

➔ **Oxford DNB Online** will provide access to the full text of the print version with extensive search and cross-reference options, external links, updates, and much more. www.oxforddnb.com
