THE TEXT VOLUME OF  
THE MINIATURES OF THE  
MANUSCRIPTS of  
TERENCE

PRIOR TO THE THIRTBENTH CENTURY

By L. W. JONES and C. R. MOREY

THIS volume is the commentary on the complete corpus of the Terence miniatures, comprising almost 800 reproductions which appeared last year. The text volume affords a complete description of each manuscript and an analysis of its illustration, providing also such determination as is possible of the date and provenance of each codex, and the particular variety of mediaeval style which is represented by its illustrations. The concluding chapter summarizes the findings of the authors, and includes a presentation of the descent of the illustrative tradition in Terence manuscripts, as well as a discussion of the relative value of the manuscripts as representatives of the archetype which was written and illustrated in the fifth century A.D.

The two volumes together are priced at 49 net. They are sold separately at the price of £3 33s. 6d. net for the text volume and £7 net for the volume of plates.
