## Power and the Sacred in Revolutionary Russia

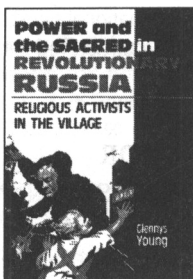

*Religious Activists in the Village*

GLENNYS YOUNG

"Glennys Young has written a highly innovative and revisionist book that addresses several fundamental questions of twentieth-century Russian history. For too long, religion has been factored out of the study of rural politics. By restoring religion and anti-religion to the center, she has helped to fill a critical blank spot in our historical understanding."

## Domesticating Revolution

*From Socialist Reform to Ambivalent  
Transition in a Bulgarian Village*

GERALD W. CREED

"Gerald Creed has written the best book available on contemporary events in Bulgaria. It clearly demonstrates why ethnographic methods are essential to understanding events since 1989: such methods reveal how daily practice 'domesticates' both socialism and its aftermath, disrupting the calculus of policies imposed from above. Written in accessible, jargon-free language, this book will be useful to students and policy-makers as well as to specialists of the region."

## Opposite Poles

*Immigrants and Ethnics in Polish  
Chicago, 1976–1990*

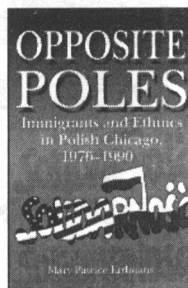

MARY PATRICE ERDMANS

"*Opposite Poles* is an engaging and well-researched book by a leading expert on the Polish experience in America. The combination of current ethnographic and interview data with historical analysis gives the book unusual depth and scholarly strength. This is a welcome contribution to the literature on white ethnics in the U.S. and the ways in which immigration continues to renew and reconstruct American ethnicity."

### **RUSSIA AND THE ARMS TRADE**

Edited by IAN ANTHONY

Here, a group of Russian authors describe and assess the arms trade policies and practices of Russia under new domestic and international conditions. The contributors, drawn from the academy, government, and industry, offer a variety of reports on the political, military, economic, and industrial implications of Russian arms transfers, as well as case studies of key bilateral arms transfer relationships.

### **POLAND'S LAST KING AND ENGLISH CULTURE**

**Stanislaw August Poniatowski, 1732-1798**

RICHARD BUTTERWICK

The attempt by Stanislaw August Poniatowski (1764-95) "to create anew the Polish world" was one of the most audacious enterprises of reform undertaken by any enlightened monarch in the eighteenth century. Inspired by his love of England, the king's efforts helped bring about a flourishing of Polish culture and a constitution admired across Europe. They also provoked the revenge of Russia and the partitioning of the state. Offering new perspectives on the Polish Enlightenment, this is a dynamic interpretation of European culture in the eighteenth century.

### **HERALDS OF REVOLUTION**

#### **Russian Students and the Mythologies of Radicalism**

SUSAN K. MORRISSEY

Viewing Russian revolutionary culture through its stories, author Susan Morrissey examines how the quest for consciousness evolved into a master-plot of student radicalism. Based on interdisciplinary sources and extensive research in Russian archives, her study throws new light on the dynamics of political and cultural change in late Imperial Russia and poses provocative questions about the pre-revolutionary antecedents of the founding myths of the Soviet Union.

### **RED ARCTIC**

#### **Polar Exploration and the Myth of the North in the Soviet Union, 1932-1939**

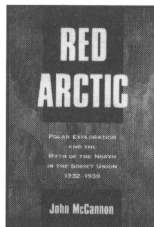

JOHN McCANNON

"Combining social and cultural history in a vivid narrative, the author explores how explorers became icons in a Stalinist dream factory.... This book is about Soviet celebrity and the ways in which the state and society conspired to create a post-revolutionary cultural hegemony."

### **THE STALINIST DICTATORSHIP**

CHRIS WARD

The nature of Stalin's Russia has provoked controversy since the earliest days of the regime's existence, and continues to fascinate historians today. This reader looks at the Stalinist dictatorship from three different perspectives: the first section focuses on interpretations of Stalin's character; the second looks at Stalin's role within the Soviet Union; and the third regards the ways in which Stalin's people dealt with socialism itself.

## **Bolshevik Women**

**Barbara Evans Clements**

This book is a history of the women who joined the Soviet Communist Party before 1921. Drawing on a database of more than five hundred individuals, it tells the fascinating story of the female Reds who survived imprisonment, built bombs, led armies into battle, and struggled to survive under Stalin.

## **The Prague Spring and its Aftermath**

**Czechoslovak Politics, 1968-1970**

**Kieran Williams**

The Prague Spring of 1968 was among the most important episodes in postwar European politics—one of the few pre-Gorbachev attempts to reform one-party communist rule. This book analyzes the attempt at reform under Alexander Dubcek and its suppression by the Soviet Union, using archive materials and other sources that have become available in the wake of the 1989 revolution.

## **Soviet Economic Development from Lenin to Khrushchev**

**R.W. Davies**

This book provides a comprehensive survey of Soviet economic development from 1917 to 1965 in the context of the prerevolutionary economy. In these years the Soviet Union was transformed from a predominantly agrarian country into a major industrial power. These developments resulted in great economic achievements at great human cost.

## **Russia's Economy of Favours**

**Blat, Networking and Informal  
Exchange**

**Alena V. Ledeneva**

This book examines the little-known phenomenon of *blat*—the use of informal contacts and personal networks to obtain goods and services under the rationing that pervaded Soviet Russia. It analyzes the historical, socioeconomic and cultural aspects of *blat*, and explores its implications for post-Soviet Russia. The political and economic reforms introduced since the collapse of the Soviet Union have radically affected everyday practices, but an understanding of *blat* remains crucial for interpreting the social, economic and criminal problems that affect the development of a market economy in post-Soviet Russia.

## Merchant Moscow

Images of Russia's Vanished Bourgeoisie

Edited by

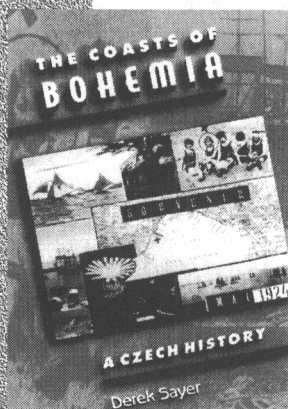

**James L. West and Iurii A. Petrov**

This book is the first joint Russian-American collaborative project on the history of Russian entrepreneurship. *Merchant Moscow* presents thematic groupings of historic photographs paired with commentaries by contemporary Russian and American historians.

The pictures provide a stunning, wide-ranging visual portrait of Imperial Russia's most influential entrepreneurial elite, the Moscow merchantry, while the accompanying articles interpret the photographs and place them in the larger cultural context of prerevolutionary Russia.

## The Garden and the Workshop

Essays on the Cultural History of Vienna and Budapest

**Péter Hanák**

*With a preface by Carl E. Schorske*

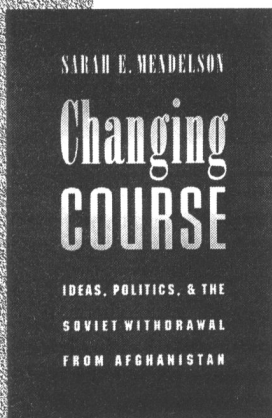

A century ago, Vienna and Budapest were the capital cities of the unstable Austro-Hungarian empire and scenes of intense cultural activity. However, as Péter Hanák shows in these vignettes of fin-de-siècle life, the intellectual and artistic vibrancy common to the two cities emerged from deeply different civic cultures. Here Hanák paints a remarkable portrait of turn-of-the-century life in Central Europe.

"Péter Hanák was one of Central Europe's most respected cultural historians. . . . [His essays are] erudite, charming, and witty. . . ."

## Changing Course

Ideas, Politics, and the Soviet Withdrawal from Afghanistan

**Sarah E. Mendelson**

Soviet foreign policy changed dramatically in the 1980s. In *Changing Course*, Sarah Mendelson draws on firsthand interviews with those who ran Soviet foreign policy and the war in Afghanistan and on recently declassified material from Soviet archives to show that both ideas *and* political strategies were needed to make reform happen.

"Mendelson . . . offers a new conception, new interpretations, and original data based on an extraordinarily broad and comprehensive set of interviews."

# THE POLISH~ENGLISH UNABRIDGED DICTIONARY

BY IWO CYPRIAN POGONOWSKI

This three-volume set is the definitive most up-to-date, comprehensive, and scientific Polish-English dictionary available.

THE 4,000-PAGE DICTIONARY INCLUDES:

- 200,000 entries
- Pogonowski's unique commonsense phonetic system based on American usage
- technical, scientific, legal, and medical terms
- colloquialisms and slang
- an extensive grammar section

“As with his previous dictionaries, this one relies upon Professor Pogonowski's unique phonetic system—and I should add that Professor Pogonowski's dictionaries are still the only Polish-English dictionaries that employ a phonetic system of any sort for English speakers. This system enables English speakers to learn to pronounce Polish sounds through rules of pronunciation with which they are familiar.”
