

A member of the faculty of the University of Arizona since 1982, Dr. Ragsdale is also Director of the University of Arizona Survey Research Center and was Honors Professor for the Arizona-Iowa Consortium Study Abroad Program, London, England, 1988-89. She received her Ph.D. in political science from the University of Wisconsin in 1982.

The William A. Steiger Fellowship honors the memory of the late William Steiger, a Republican who represented the Sixth District of Wisconsin from 1966 until his untimely death in 1978. During his service in Congress, Representative Steiger was dedicated to the Congressional Fellowship Program. He was an active member of the program's advisory committee and, over the years, welcomed numerous Fellows to his staff. The Fellowship is awarded to an individual who best exemplifies Representative Steiger's values and interests.

Fundraising for the William A. Steiger Congressional Fellowship is under the direction of the William A. Steiger Congressional Fellowship Development Committee, which seeks to raise an endowment to support in perpetuity the Fellowship.

Continuous Membership: Gosnell Takes the Lead

Jean Walen, *American Political Science Association*

The story that ran in last year's September issue on members who had been continuous members of the Association for 25 years or longer generated considerable interest. Many members wrote that the Association's records were wrong—that they had been members much longer than the Association's records indicated. "I even have the *Reviews* to prove it," some wrote.

The Association's membership secretary since 1962, Chris Johnson, does a remarkable job of maintaining the membership records but, over the years, the methods of maintaining membership records have changed many times. It is not surprising that someone, along the way, recorded the "year joined" incorrectly.

Members were informed corrections would be printed, so here is a corrected list.
