PROCEEDINGS OF THE NUTRITION SOCIETY

Volume: 74

Number: 4

November 2015

Available online at
www.journals.cambridge.org

Symposia featured in this issue:

Sarcopenia and cachexia: Scale of the problem, importance, epidemiology and measurement
Mechanisms for loss of muscle mass, strength and clinical measurement of malnutrition
and cachexia

Nutrition for prevention and interventions for sarcopenia and cachexia

Sarcopenia and cachexia and social, clinical and public health dimensions

Cuthbertson Medal Lecture

Public Health England

Food and nutrition security in Africa: new challenges and opportunities for sustainability

Proceedings of the Nutrition Society

Volume 74, 2015 ISSN: 0029-6651

Aims and Scope

Proceedings of the Nutrition Society publishes papers and abstracts presented by members and invited speakers at the scientific meetings of The Nutrition Society.

Coverage includes

- Cellular and molecular nutrition (including immunology)
- Nutritional genomics
- Nutrition and the food chain
- Clinical nutrition and metabolism
- Obesity and body composition
- Infant nutrition
- Diet selection and control of intake
- Nutrition and behaviour
- Reproduction, growth and development
- Public health nutrition
- Nutrition policy
- Sports and exercise nutrition
- Animal nutrition and metabolism
- Molecular aspects of nutrition
- Functional foods
- Macronutrient metabolism
- Micronutrients and antioxidants
- Companion animal nutrition
- Epidemiology

The *Proceedings of the Nutrition Society* is published four times a year by Cambridge University Press on behalf of the Nutrition Society. Symposium papers are published in February, May, August and November and are available as hard copy or electronically; Original Communications from individual meetings are published electronically only and comprise an OCE issue.

The journal is available on the Internet at: journals.cambridge.org/pns

Editor in Chief

M O'Sullivan, *Trinity Centre for Health Science, Dublin, Republic of Ireland*

Deputy Editor

A Mostyn, *School of Veterinary Medicine and Science, University of Nottingham, UK*

Editorial Board

M Cantwell, *Queen's University Belfast, UK*

A Chwalibog, *University of Copenhagen, Denmark*

A Cross, *Imperial College London, UK*

J E Drew, *Rowett Institute of Nutrition and Health, University of Aberdeen, UK*

F Lithander, *University of Canberra, Australia*

C Pedersen, *University of Glasgow, UK*

M Siervo, *Institute for Ageing and Health, Newcastle University, UK*

Science Committee

K M Younger
Chair/Treasurer

M O'Sullivan
Proceedings Editor

P Trayhurn
Publications Officer

A Gallagher
Programmes Secretary

A Salter
Scientific

B McNulty
Irish Section Secretary

S Athanasiadou
Scottish Section Secretary

B Corfe
Cellular and Molecular Nutrition Theme

A Welch
Public Health Nutrition Theme

B Griffin
Whole Body Metabolism Theme

The Nutrition Society has as its objectives the advancement of the scientific study of nutrition and its application to the maintenance of human and animal health.

Honorary Officers of the Society

C Geissler
President

P C Calder
President-Elect

H J McArdle
Secretary

K M Younger
Treasurer

A Gallagher
Programmes Secretary

F Thies
Without Portfolio

P Trayhurn
Publications

A Salter
Scientific

P Hunking
Training and Education

S Bird
Strategic Communications

P Amuna
International Affairs

Application for membership is open to any person who has a genuine interest in the science of human or animal nutrition and its application to human or animal health. Reduced subscriptions are available to full-time student members within 2 years of graduation and retired members, the unwaged and members who reside in very low income countries.

Contents

The Royal Society of Medicine, London, 9–10 December 2014 Conference on ‘Nutrition and age-related muscle loss, sarcopenia and cachexia’

Symposium 1: Sarcopenia and cachexia: scale of the problem, importance, epidemiology and measurement

- Ageing well: a review of sarcopenia and frailty
V. L. Keevil & R. Romero-Ortuno 337–347
- Cachexia: clinical features when inflammation drives malnutrition
A. Laviano, A. Koverech & A. Mari 348–354
- Skeletal muscle mass and quality: evolution of modern measurement concepts in the context of sarcopenia
S. B. Heymsfield, M. C. Gonzalez, J. Lu, G. Jia & J. Zheng 355–366

Symposium 2: Mechanisms for loss of muscle mass, strength and clinical measurement of malnutrition and cachexia

- The wasting continuum in heart failure: from sarcopenia to cachexia
S. von Haehling 367–377

Symposium 3: Nutrition for prevention and interventions for sarcopenia and cachexia

- Nutritional interventions in sarcopenia: a critical review
M. Hickson 378–386
- Muscle protein turnover in the elderly and its potential contribution to the development of sarcopenia
A. J. Murton 387–396
- The effectiveness of nutritional interventions in malnutrition and cachexia
C. Baldwin 397–404

Symposium 4: Sarcopenia and cachexia and social, clinical and public health dimensions

- Muscle loss and obesity: the health implications of sarcopenia and sarcopenic obesity
S. G. Wannamethee & J. L. Atkins 405–412
- The nursing contribution to nutritional care in cancer cachexia
J. B. Hopkinson 413–418

Cuthbertson Medal Lecture

- Food preferences and underlying mechanisms after bariatric surgery
P. Behary & A. D. Miras 419–425

Public Health England

- Implications of skeletal muscle loss for public health nutrition messages: a brief report
L. B. Levy & A. A. Welch 426–429

Ghana Institute of Management and Public Administration, Accra 20–25 July 2014

Conference on ‘Food and nutrition security in Africa: new challenges and opportunities for sustainability’

- Capacity building in public health nutrition
C. Giessler 430–436
- Nutrition and cancer – global and African perspectives: a focused update
M. J. Wiseman 437–440

Is there a place for nutrition-sensitive agriculture? <i>F. Wambugu, S. Obukosia, J. Gaffney, D. Kamanga, P. Che, M. C. Albertsen, Z.-Y. Zhao, L. Ragland, M. Yeye, E. Kimani, D. Aba, R. Gidado, B. O. Solomon & M. Njuguna</i>	441–448
What would it take to prevent stunted growth in children in sub-Saharan Africa? <i>A. Lartey</i>	449–453
Improving maternal nutrition for better pregnancy outcomes <i>N. M. Nnam</i>	454–459
Nutrition transition and chronic diseases in Nigeria <i>O. E. Oyewole & T. Atinmo</i>	460–465
An overview of the nutrition transition in West Africa: implications for non-communicable diseases <i>W. K. Bosu</i>	466–477
Evidence of nutrition transition in Southern Africa <i>M. S. Nnyepi, N. Gwisai, M. Lekgoa & T. Seru</i>	478–486
Food and nutrition security: challenges of post-harvest handling in Kenya <i>J. Kimiywe</i>	487–495
Building systemic capacity for nutrition: training towards a professionalised workforce for Africa <i>B. Ellahi, R. Annan, S. Sarkar, P. Amuna & A. A. Jackson</i>	496–504
Applying the food multimix concept for sustainable and nutritious diets <i>F. B. Zotor, B. Ellahi & P. Amuna</i>	505–516
Food supplementation among HIV-infected adults in Sub-Saharan Africa: impact on treatment adherence and weight gain <i>K. A. Audain, F. B. Zotor, P. Amuna & B. Ellahi</i>	517–525
Nutrition sensitivity of the 2014 budget statement of Republic of Ghana <i>A. Laar, R. N. O. Aryeetey, R. Akparibo, F. Zotor & Ghana SUN Academic Platform</i>	526–532
Capacity for scaling up nutrition: a focus on pre-service training in West Africa and a Ghanaian case study <i>R. N. O. Aryeetey, A. Laar, F. Zotor & Ghana SUN Academic Platform</i>	533–537

Forthcoming topics to be featured in *Proceedings of the Nutrition Society* for 2016 (vol. 75):

- Irish Section Postgraduate Conference
(Above proceedings were presented at the NS meeting in Portrush, 12–13 February 2015)
- Diet, gene regulation and metabolic disease
(Above proceedings were presented at the NS meeting at Robert Gordon University, 25–26 March 2015)
- Nutrition at key life stages: new findings, new approaches
(Above proceedings were presented at the NS meeting at University College Cork, 17–19 June 2015)
- The future of animal products in the human diet: health and environmental concerns
(Above proceedings were presented at the NS meeting at the University of Nottingham, 6–9 July 2015)
- Roles of sleep and circadian rhythms in the origin and nutritional management of obesity and metabolic disease
(Above proceedings to be presented at the NS meeting at the Royal Society of Medicine, London, 8–9 December 2015)

Original Communications

- Roles of sleep and circadian rhythms in the origin and nutritional management of obesity and metabolic disease
(Above proceedings to be presented at the NS meeting at the Royal Society of Medicine, London, 8–9 December 2015)
- Phytochemicals and health: new perspectives of plant based nutrition
(Above proceedings to be presented at the NS meeting at the Royal College of Physicians, Edinburgh, 21–22 March 2016)
- New technology in nutrition research and practice
(Above proceedings to be presented at the NS meeting at University College Dublin, 11–14 July 2016)

Special sales:

This journal accepts advertisements and inserts. We also provide bulk reprints of suitable papers to meet teaching or promotional requirements. Please contact ad_sales@cambridge.org for further details.

Subscription information:

Proceedings of the Nutrition Society is an international journal published by Cambridge University Press on behalf of The Nutrition Society as four issues per year. Symposium papers are published in February, May, August and November; Original Communications are published online (only).

Annual subscription rates:

Volume 74, 2015 (4 issues):
Internet/print package: £689/\$1344 Americas only/
€1100 EU only
Internet only: £490/\$954 Americas only/€765 EU only

Japanese Agent: Maruzen Company Ltd, PO Box 5050, Tokyo International, 100-31, Japan.

Back volumes are available. Please contact Cambridge University Press for further information.

Claims for non-receipt of journal issues will be considered on their merit and only if the claim is received within six months of publication. Replacement copies supplied after this date will be chargeable.

Despatch: deliveries outside the UK are by ASP Print-flow Aircarrier unless other arrangements are made. Customers requiring airmail delivery should indicate

clearly their requirements and add an additional 10% to the relevant subscription price.

US POSTMASTERS: please send address corrections to *Proceedings of the Nutrition Society*, Cambridge University Press at the New York address.

Directions to Contributors are available from the Society at the address below or can be found on the Society's website at <http://www.nutrition-society.org> (concise Directions to Contributors can be found inside the back cover).

Offprints: The authors (or main author) of an accepted paper will receive a free PDF file of their paper. Paper offprints are available for a fee and should be ordered at proof stage. No page charges are levied by this journal.

Copyright: As of July 2000 the copyright of all articles submitted to the *Proceedings of the Nutrition Society* is retained by the authors or their institutions. For articles prior to this date permission for reproduction of any part of the journal (text, figures, tables or other matter) in any form (on paper, microfiche or electronically) should be sought directly from the Society, at: The Publications Office, The Nutrition Society, 10 Cambridge Court, 210 Shepherds Bush Road, London W6 7NJ, UK.
