

UNIVERSITY OF TORONTO  
DEPARTMENT OF STATISTICS

The Department of Statistics invites applications for a tenure-stream position at the Assistant or Associate Professor level in Actuarial Science. The position is to begin July 1, 2000. Duties will include teaching courses in the actuarial science program at both the undergraduate and graduate level, conducting research in actuarial science, and service to the professional actuarial associations. Qualifications required are Ph.D. in actuarial science, statistics, mathematics or a related area, professional accreditation in the CIA, SOA or CAS, and an active research program. Salary and rank are commensurate with experience.

Letters of application with curriculum vitae and three letters of reference should be sent to:

Professor SAMUEL BROVERMAN  
Department of Statistics  
University of Toronto  
100 St. George Street, 6th Floor  
Toronto, Ontario CANADA M5S 3G3  
E-mail: sam@utstat.toronto.edu

We will begin reviewing applications on **November 15, 1999** and will continue to accept applications until the position is filled. For information on the Actuarial Science program and the Department of Statistics at the University of Toronto, visit the department's web site at <http://www.utstat.toronto.edu>.

In accordance with its Employment Equity Policy, the University of Toronto encourages applications from qualified women or men, members of visible minorities, aboriginal people and persons with disabilities.

HERIOT-WATT UNIVERSITY, EDINBURGH, UK  
APPOINTMENTS IN ACTUARIAL OR FINANCIAL MATHEMATICS

*Permanent Appointments*

Applications are invited from persons with research interests in actuarial mathematics or financial mathematics for appointments in the Department of Actuarial Mathematics and Statistics at Heriot-Watt University, Edinburgh.

It is intended that these permanent appointments will either reinforce the Department's established strength in actuarial science or contribute to its expansion into the field of financial mathematics and investment. The persons appointed will be expected to contribute to the widening of the Department's teaching activities in either actuarial science or financial mathematics.

Ideally, applicants should

- have a doctorate in actuarial mathematics or financial mathematics;
- be active researchers in financial mathematics or actuarial mathematics with a strong publication record in refereed journals in these areas;
- be able to teach a range of courses in financial or actuarial mathematics.

The level of appointment will depend on the expertise and qualifications of the successful applicants.

*Sabbatical Positions*

Enquiries are invited from academics working in the fields of Actuarial Mathematics and Financial Mathematics taking sabbatical leave over the coming academic year 2000/2001 (July 2000 - September 2001) and beyond. Full-time and part-time teaching contracts are available.

Persons wishing to discuss these opportunities informally and in strict confidence may contact either John McCutcheon (Head of Department), (+44 131 451 3202) (e-mail [J.J.McCutcheon@ma.hw.ac.uk](mailto:J.J.McCutcheon@ma.hw.ac.uk)), or Howard Waters, (e-mail [H.R.Waters@ma.hw.ac.uk](mailto:H.R.Waters@ma.hw.ac.uk)).

Application forms and further information may be obtained from: The Director of Personnel, Heriot-Watt University, Riccarton, Edinburgh, EH14 4AS. Please quote job reference 27/99/AB.
