Dear Friends,

Thank you for all your warm thoughts and kind letters of sympathy. The girls and I appreciate very much your gift of sharing with us and with each other, your professional and personal memories of Marc. Our wish for the future is twofold. One, that you keep in touch with Laura, Jamie, and me by correspondence, telephone, or visits in Tucson and two, that you pursue your scientific research, ever increasing our understanding of the Universe, and thus continue to pay tribute to Marc's love of truth, knowledge, and astronomy.

With love and friendship,

Marianne KUN
