## Combined effects of disease management and food insecurity on physical and mental health in Korean adults – CORRIGENDUM

Hyun Ja Kim and Kirang Kim

DOI: 10.1017/S1368980019003094, Published online by Cambridge University Press, 20 November 2019

The above paper was originally submitted to *Public Health Nutrition* with the indication that Hyun Ja Kim's surname should be indexed as 'Ja Kim, H' instead of 'Kim, HJ' and was originally published as such.

This has been rectified in the online PDF and HTML copies and re-indexed accordingly.
