

The University of Hawaii Press
congratulates

WILLIAM E. NAFF

Winner of the 1987
Japan-US Friendship Commission Prize
for the Translation of Japanese Literature
for his translation of
BEFORE THE DAWN (Yo-ake Mae)
by Shimazaki Tōson

ANNOUNCEMENT

The University of California Press is proud of its distinguished list of books in Asian Studies. It is therefore with pleasure that we announce the following appointments:

Sheila Levine, Sponsoring Editor in East and Southeast Asian Studies

Lynne Withey, Sponsoring Editor in South Asian Studies

Betsey Scheiner, Manuscript and Production Editor in Asian Studies

Sheila Levine joined the Press in 1971, and during the past five years has acquired manuscripts in the China field. Lynne Withey is Assistant Director at the Press as well as a professional historian. Betsey Scheiner is Manuscript Editor for *The Journal of Asian Studies*, and holds graduate degrees in history and Oriental languages.

Oxford

The Population Atlas of China

Compiled and edited by the
POPULATION CENSUS OFFICE OF
THE STATE COUNCIL OF THE
PEOPLE'S REPUBLIC OF CHINA and
the INSTITUTE OF GEOGRAPHY OF
THE CHINESE ACADEMY OF
SCIENCES

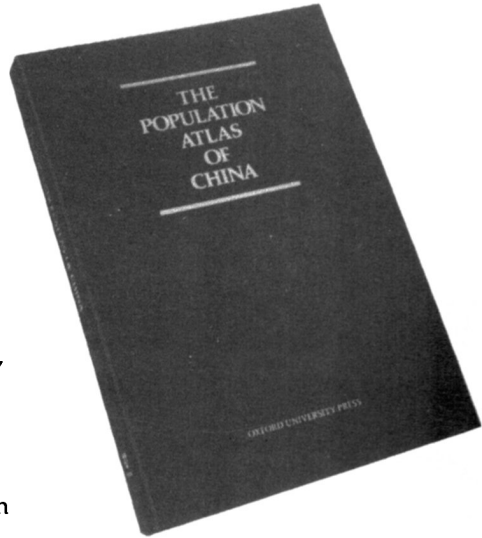

"Contains an extraordinary variety of information about the population of China.... A stunning summary of the social, economic, and demographic status of the largest national population."
—Ansley J. Coale, Office of Population Research.

This definitive compilation and clear visual representation of the demographics of China's population is an exciting and long-awaited scholarly resource. A comprehensive, systematic portrayal of the results of the July 1982 "Third Census," the *Atlas's* 137 full-color maps, clear explanatory text, and 32 pages of statistical tables summarize and make readily available for the first time a wealth of authoritative information on population distribution and change; nationalities; age and sex; marriage and fertility; education levels; occupations; and more. Anyone seeking the most reliable and up-to-date cartographic information on the People's Republic of China will find the *Atlas* to be an invaluable resource.

Key Features

- Authoritative—evaluated by an editorial board of well-known specialists in demography, statistics, geography, and cartography
- Comprehensive—provides complete information not only on the national, but also provincial, county, and even family-level conditions
- Clearly Organized—divides maps into eight sections to provide an in-depth picture of specific areas or particular facets of the population
- Accessible—137 full-color maps, carefully prepared for the utmost visual clarity, transparent overlays, indices, and 32 pages of statistical tables make this an easy-to-use, essential reference tool

1987 216 pp.; 137 full-color maps, 32 pp. tables \$195.00

In the first six decades of the thirteenth century Mongol armies overran a vast tract of territory extending from Korea to Syria, creating the largest contiguous land empire in human history.

MONGOL IMPERIALISM

THE POLICIES OF THE GRAND QAN MÖNGKE IN CHINA,
RUSSIA, AND THE ISLAMIC LANDS, 1251-1259
THOMAS T. ALLEN

The Mongols' extensive conquests were achieved by a military machine long recognized for its efficiency and ruthlessness. But behind their armies, there was an administrative apparatus that procured the resources that fueled those conquests. Through an investigation of the reign of the Grand Qan Möngke, Allsen establishes the general pattern of resource mobilization and addresses specific aspects of this enormously successful policy. \$35.00

New Titles

The Tale of the Soga Brothers

『曾我物語』

Tr. by Thomas J. Cogan, Kanda University of International Studies

This story, a Japanese historical narrative based on actual events that occurred in the latter half of the 12th century, relates the lifelong quest of the Soga brothers—Jūrō and Gorō—to avenge the death of their father. This immensely popular tale has served as a major source of themes or motifs for various dramatic and literary works in later periods. It is also a valuable document for the study of the customs and ideals of medieval warrior society: self-sacrifice, filial piety, courage, and tenacity. 376 pp. ¥4800/\$32.50

The Political Dynamics of Japan

『日本の政治』

Jun-ichi Kyogoku, Chiba University

Tr. by Nobutaka Ike, Stanford University

Japanese politics draws on two different traditions: the institutional structure was in essence imported from the West, while the participants—the leaders and voters—are products of a totally different cultural and social milieu. The way traditional forces and processes work within the political system is the central theme of this authoritative work, a bestseller in Japanese and now revised and abridged for foreign readers. 250 pp. ¥3800/\$24.50

Economic Growth in Monsoon Asia A Comparative Survey

Harry T. Oshima, University of the Philippines

This book examines the economies of monsoon Asia: the countries of East Asia, with their histories of extremely rapid postwar growth; the ASEAN countries, which have achieved a moderate rate of growth; and the slow-growing South Asian countries. Against the background of regional history, and viewing economic change as a result of the interplay of technological and institutional factors, this book explains why the Asian countries developed in different ways. 384 pp. ¥6800/\$47.50

Gandhi describes the years 1920 to 1948

Gandhi in India

In His Own Words

MARTIN GREEN, *editor*

"A marvelous resource for those interested in Gandhi as a world historical figure and his meaning for India. Green picks up where Gandhi's autobiography (*My Experiments with Truth*, 1921) leaves off by carrying the autobiography to the eve of independence, partition, and Gandhi's assassination in January, 1948. We say autobiography because, as Green observes, Gandhi 'continues to write autobiographically.' Drawing on Gandhi's collected works, Green sensitively portrays Gandhi's life by using his words and voice. [An] invaluable work."—SUSANNE HOEBER RUDOLPH and LLOYD I. RUDOLPH

119 autobiographical letters, newspaper essays, interviews, and speeches offer as complete a self-narrative of Gandhi's life and the evolution of his major ideas from 1920 to 1948 as we are ever likely to have. All but two are from the Navajivan Press edition of *The Collected Works of Mahatma Gandhi*. \$12.95 paper / \$20.00 cloth

The Four Masterworks of the Ming Novel:

Ssu ta ch'i-shu

Andrew H. Plaks

Andrew Plaks reinterprets the great texts of Chinese fiction known as the "Four Masterworks of the Ming Novel" (*ssu ta ch'i-shu*). Arguing that these are far more than collections of popular narratives, Professor Plaks shows that their fullest recensions represent a sophisticated new genre of Chinese prose fiction arising in the late Ming dynasty, especially in the sixteenth century.

Cloth: \$62.50 ISBN 0-691-06708-2

***Wen xuan* or Selections of Refined Literature**

Volume Two: Rhapsodies on Sacrifices, Hunting, Travel, Sightseeing, Palaces and Halls, Rivers and Seas

Xiao Tong

Translated with annotations by David R. Knechtges

The *Wen xuan*, compiled by Xiao Tong (501-531), is the oldest surviving anthology of Chinese literary genres. It was one of the primary sources of literary knowledge for educated Chinese in the premodern period, and it is still the essential handbook for specialists in pre-Tang literature. This volume is the second of a projected eight-volume translation of the entire *Wen xuan*.

Family, Field, and Ancestors

Constancy and Change in China's Social and Economic History, 1550-1949

LLOYD E. EASTMAN, *University of Illinois*

Surveying the social and economic history of China over the course of four centuries, this trenchant book is a much-needed supplement to existing political histories of China. Drawing on the most recent research, the author synthesizes the complex and confusing facets of Chinese society while paying tribute to its extraordinary regional, social, and historical diversity. He covers a wide range of topics, from population trends, family life, and popular religion, to agriculture, commerce, manufacturing, and class structure while providing students with a clear, cogent introduction to a fascinating culture.

Taoist Ritual in Chinese Society and History JOHN LAGERWEY

In this splendid account, Taoism is presented as a system of religious action and symbol deeply rooted in centuries of Chinese social life. John Lagerwey ties together 1,700 years of Taoist history as he describes in vivid detail the intricacies of Taoist rituals as performed by a single Taoist priest in present-day Taiwan, explaining what the Taoist priests have done, and continue to do, as intercessors acting to protect their communities—and what these beliefs mean to the followers. Blending historical narrative, outstanding first-hand description, insightful analyses, and skilled, sensitive interpretations, Lagerwey addresses three central questions: What is Taoist ritual? what has it to do with Chinese cosmology? and what do the two of them have to do with the shape of Chinese history?

Here, in a book of rare accessibility and immediacy, is the core of Taoism: what it means and how it is practiced in the everyday life of the Chinese. The study of Taoist ritual affords a privileged glimpse of both Chinese society and its psychology—to understand this ancient religion is better to understand the Chinese.

ISBN 0-02-896480-2 • 364 pages • \$29.95

A History of Zen Buddhism HEINRICH DUMOULIN, S.J.

Translated by James W. Heisig, Nanzan Institute for Religion and Culture, and Paul Knitter, Xavier University

Here is the newly revised and greatly expanded edition of the acclaimed overview of the history of Zen Buddhism, first published in the United States in 1963. Now forthcoming as a two-volume set—Volume I: *India and China* • Volume II: *Japan and Tibet* (Fall 1988)—this remarkable work provides a detailed account of the history, development, ideas, and images of Zen Buddhism. The first volume traces the roots of Zen in India, and its origins and blossoming in China.

Deeply rooted and nurtured in a Japanese milieu and composed from a Japanese viewpoint, this superb study will both clarify the origins of Zen and reveal a richer picture of its history as a whole.

Confucianism The Dynamics of Tradition

Editor: IRENE EBER

This valuable book is a recognition and exploration of the roots of Confucianism and the nature of its revival, the “New Confucianism,” in the last few decades. The eight original essays contained in these pages provide an absorbing account of how, over the centuries, Confucianism has developed in response to changing perspectives and the emergence of new social structures. The contributors are Tu Wei-ming, Hsü Cho-yun, Yoav Ariel, Julia Ching, Ben-Ami Scharfstein, Wm. Theodore de Bary, Irene Eber, and the late Vitaly Rubin.

Chinese Society in the Eighteenth Century

Susan Naquin and Evelyn S. Rawski

During the eighteenth century, China's new Manchu rulers consolidated their control of the largest empire China had ever known. In this book Naquin and Rawski provide a unique overview and reevaluation of the social history of China during this period—one of the most dynamic periods in China's early modern era.

"Lucid, original, and scholarly. . . . An important book for students of Chinese history."
—Jonathan Spence \$25.00

The Japanese Language Through Time

Samuel E. Martin

A preeminent authority on East Asian linguistics here provides a unique history of Japanese words and sounds.

"Martin has brought together a wealth of diverse data on the development of Japanese phonology and morphology from prehistoric to modern times, integrated it and interpreted it. There is no other source comparable to this in English." —Gerald B. Mathias \$55.00

The Rajput Palaces

G. H. R. Tillotson

The first detailed study of the Rajput palaces of Northwestern India. G. H. R. Tillotson offers a glimpse into the courtly life within the palaces, the feudal society that supported them, and the relations between the Rajput rajas and the Mughal overlords; and he shows that, in spite of their differences, the palaces together represent a distinct and consistent architectural movement. 245 b/w + 21 color illus. \$45.00

Weapons of the Weak

Everyday Forms of Peasant Resistance

James C. Scott

This sensitive picture of the constant and circumspect struggle waged by peasants materially and ideologically against their oppressors shows that techniques of evasion and resistance may represent the most significant and effective means of class struggle in the long run.

"The book is stylishly written and is a pleasure to read. . . . Scott has the rare ability to combine 'storytelling,' as he calls it, giving engrossing accounts of specific features of village life, with a general theoretical treatment. It is impossible, in a brief review, to do justice to his richness of material, subtlety of argument, and intellectual range. Suffice it to say that *Weapons of the Weak* is an impressive work which may well become a classic." —Terence J. Byres, *Times Literary Supplement*

"A brilliant book, combining a sure feel for the subjective side of struggle with a deft handling of economic and political trends." —John R. Bowen, *Journal of Peasant Studies*

"No one who wants to understand peasant society . . . in or out of Southeast Asia . . . should fail to read [this book]." —Daniel S. Lev, *Journal of Asian Studies* \$14.95

THE SACRED REMAINS

Myth, History, and Polity in Belau

Richard J. Parmentier

With a Foreword by Michael Silverstein

Based on fieldwork in Belau, an Austronesian culture in western Micronesia, *The Sacred Remains* employs semiotic analyses of linguistic and non-linguistic signs that express Belauan concepts of history, time, and the past—concepts that also organize social and political structures. Challenging Western conceptions of history, Parmentier stresses the importance of indigenous categories of space, time, and transformation.

LAUGHING MATTERS

Comic Tradition in India

Lee Siegel

Siegel reveals the neglected humor found in both ancient Sanskrit texts and in modern Indian life. In original and entertaining translations of Sanskrit dramas and poems, he introduces a parade of funny characters and offers a theory of humor. Siegel also relates his experiences of humor in modern India as seen through cartoons, movies, books, and social gatherings.

RITEs OF MODERNIZATION

*Symbols and Social Aspects of
Indonesian Proletarian Drama*

James Peacock

With a new Afterword

Foreword by Dell Hymes

In this study of the *ludruk* theater of East Java in 1962–63, Peacock analyzes these working-class performances as a rite of modernization, symbolically encouraging new values and new modes of social action.

Paper \$15.95 332 pages

Matteo Ricci S.J.
THE TRUE MEANING
OF
THE LORD OF HEAVEN
(T'ien-chu Shih-i)

Based upon conversations Ricci had with sixteenth century Chinese scholars, this work allows us to overhear how he explained to his Chinese friends Western views about the purpose of life, human nature, the existence of God. As the first writer to attempt an extended treatment of such questions in Chinese, Ricci achieved some outstanding successes and committed some regrettable errors. The history of Christianity in China is somehow mirrored in Ricci's portrait of himself, the Chinese intelligentsia of the declining Ming dynasty, and their effort to communicate with each other.

The first Chinese-English edition

Prison Writings

KIM DAE JUNG

Translated by Choi Sung-Il
and David R. McCann

Foreword by David R. McCann

His jailers allowed him only one letter home a month, and only one aerogramme sheet on which to write. The paper was scarcely larger than postcard size, but in minuscule characters, Kim Dae Jung poured out his thoughts and feelings. Kim became a hero to many of his countrymen as a leader of the democratic opposition to the whole sequence of authoritarian regimes in South Korea after WWII. But great popular support never shielded him from constant personal danger; he spent most of the time between 1973-1979 either in prison or under house arrest. This book offers extraordinary insight into modern Korean history and into one man's struggle for democracy and human rights.

New Research in Asian Studies...

THE BUSINESS OF THE JAPANESE STATE

Energy Markets in Comparative and Historical Perspective

By **RICHARD J. SAMUELS**. "A tour-de-force that will, I am sure, have great impact on thinking about the nature of the Japanese state and about political economy issues more generally."—Susan J. Pharr, Harvard University. Illustrated. *Cornell Studies in Political Economy*.

\$14.95 paper; \$45.00 cloth

THE PHILIPPINE STATE AND THE MARCOS REGIME

The Politics of Export

By **GARY HAWES**. Case studies of major export industries—sugar, coconut products, and fruits—document how the Marcos regime came to dominate the Philippine economy, and how it became vulnerable to both the international market forces and the domestic political opposition that eventually toppled the regime. *Cornell Studies in Political Economy*. \$25.00

JAPAN PREPARES FOR TOTAL WAR

The Search for Economic Security, 1919–1941

By **MICHAEL A. BARNHART**. "A first-rate, original account of Japan's road to war, fortified with documentation largely unavailable in English. Barnhart's unique perspective is sure to enrich our understanding of the 1930s and the origins of the Pacific War."—Akira Iriye, University of Chicago. *Cornell Studies in Security Affairs*. \$29.95

THE POLITICAL ECONOMY OF THE NEW ASIAN INDUSTRIALISM

Edited by **FREDERIC C. DEYO**. Nine development specialists depict the newly industrialized nations of Singapore, South Korea, Taiwan, and Hong Kong as strong "developmental" states, and examine their capacity to generate and alter growth strategies. *Cornell Studies in Political Economy*.

\$12.95 paper; \$29.95 cloth

CHINESE WORKING-CLASS LIVES

Getting By In Taiwan

By **HILL GATES**. Taiwan's working-class lives have been shaped by Chinese tradition, by colonialism, and by rapid industrialization. This book defines that class, explores its history, and presents with sensitivity and insight the lives of some of its men and women. *The Anthropology of Contemporary Issues*.

\$10.95 paper; \$37.50 cloth

THE SOVEREIGN ENTREPRENEUR

Oil Policies in

Advanced and Less Developed Capitalist Countries

By **MERRIE GILBERT KLAPP**. Capitalist governments, however strongly they profess free market principles, have become deeply involved in the international petroleum market, with mixed success. Drawing on interviews with policy makers and company executives in Indonesia, Malaysia, Norway, and Great Britain, Klapp addresses a little-understood determinant of oil policy—the pivotal bargaining power domestic and international interests wield in different countries. *Cornell Studies in Political Economy*.

THE PATH TO VIETNAM

Origins of the

American Commitment to Southeast Asia

By **ANDREW J. ROTTER**. Why did the United States become involved in the bitter conflict in Vietnam? Drawing on materials from published and unpublished sources, Rotter uncovers the surprisingly complex reasons for America's fateful decision to provide economic and military aid to the nations of Southeast Asia in May, 1950. "One of the most important books about the conflict to appear in recent years."—Walter LaFeber, Cornell University.

ASIAN STUDIES

From Clinical Revelation to Cultural Revolution.

Coming in January

The Essential Book of Traditional Chinese Medicine

Liu Yanchi

**Translated by Fang Tingyu and
Chen Laidi**

Volume I: Theory

Written and Edited in Collaboration with

Kathleen Vian and Peter Eckman

Volume II: Clinical Practice

Barbara Castel, Editorial Consultant

The most authoritative works on the subject to be translated into English, these definitive volumes portray the contemporary practice of traditional medicine—especially acupuncture and herbal medicine—in the People's Republic of China. Originally published under the auspices of the Ministry of Public Health, they represent a unique collaboration between Chinese and American scholars.

Volume I: 256 pp., 39 line drawings and figures, \$40.00

Volume II: 480 pp., 8 line drawings and tables, \$80.00

The Set: \$100.00

Japan and the United States Today

Exchange Rates, Macroeconomic Policies,
and Financial Market Innovations

**Edited by Hugh T. Patrick and
Ryuichiro Tachi**

A relevant, up-to-date examination of important issues involving the two nations' economic ties. The book probes the implications of changes in the international financial and economic environment since 1985; although these changes are of immediate relevance to the U.S. and Japan, the leaders' remarks are framed in a global context.

Columbia University Center on Japanese

Economy and Business

Economic Integration and Planning in Maoist China

Thomas P. Lyons

A comprehensive and systematic study using new evidence to investigate the proposition that a tendency toward fragmentation distorted China's pattern of economic development. Essential to an understanding of the post-Mao economic reforms.

288 pp., \$45.00

The Indochina Tangle

China's Vietnam Policy, 1975-79

Robert Ross

A stimulating and meticulously researched study explaining how China's relations with Vietnam sank from apparent friendship to armed hostility in the crucial period from the 1975 American withdrawal to the Chinese invasion of 1979.

Studies of the East Asian Institute

392 pp., \$40.00

The Political Dynamics of Japan

**Jun-ichi Kyogoku; Translated by
Nobutaka Ike**

"In this translation of his bestselling work, one of Japan's most distinguished political scientists sets forth a lifetime of wide-ranging, subtle, and original reflections on Japan's political process."—Ezra F. Vogel, *Harvard University*

The Origins of the Boxer Uprising **JOSEPH W. ESHERICK**

Using archival and oral-history sources, previously unavailable to scholars of the Boxer movement, Esherick carefully reconstructs the early history of the Boxers. He challenges the traditional view that they grew from earlier anti-dynastic sects, stressing instead the impact of social ecology and popular culture. It is a distinguished contribution to the study of modern Chinese history. \$45.00

China's Continuous Revolution **The Postliberation Epoch, 1949-1981** **LOWELL DITTMER**

"This work offers a succinct bird's eye view of the entire Chinese political process from 1949 to the present. Dittmer skillfully combines psycho-cultural analysis with keen observations about factions, their ideologies, their power bases, and their coalition behavior. A great contribution to the field."
