

GENERAL NOTES

ROYAL SOCIETY OF MEDICINE.

1 Wimpole Street, London, W.1.

Section of Laryngology. The next Meeting of the Section will be held on Friday, February 1st, at 5 p.m. There will be a discussion on "Treatment of Chronic Infection of the Nasal Accessory Sinuses" opened by Dr. Ferris Smith of Grand Rapids, U.S.A.

President : W. M. Mollison, M.Ch., 23 Devonshire Place, London, W.1.

Honorary Secretaries : L. Graham Brown, F.R.C.S., 32 Devonshire Place, London, W.1, and F. C. Ormerod, 22 Upper Wimpole Street, London, W.1.

* * *

Section of Otolology. The next Meeting of the Section will be held on Friday, February 1st, at 10.30 a.m. A discussion on "After-treatment of the Radical Mastoid Operation" will be opened by Mr. H. V. Forster (Liverpool) and Mr. C. Gill-Carey (London).

President : E. A. Peters, M.D., 41 Wimpole Street, London, W.1.

Honorary Secretaries : F. C. W. Capps, F.R.C.S., 99 Harley Street, London, W.1, and C. P. Wilson, F.R.C.S., 15 Upper Wimpole Street, London, W.1.

Peroral Endoscopy Table

Fitted with Head Rest for BRONCHOSCOPY, ŒSOPHAGOSCOPY,
NASAL OPERATIONS Etc.

Designed by V. E. NEGUS, M.B., B.S., F.R.C.S.

The head rest enables the operator himself to place the patient in the desired position for a variety of operations. All parts touched by the operator are sterilisable.

The apparatus is an elaboration of Haslinger's Bronchoscopic head rest, but its range of utility is extended to enable the patient to be supported with the shoulders beyond the end of the table for œsophagoscopy, and to be kept in the correct attitude during operations performed in the sitting or semi-sitting position.
