

Professor DANIEL BERSHADER: 1923–1995

Daniel Bershader, a former Associate Editor of the *Journal of Plasma Physics*, died on 30 May 1995. He was born in 1923, and earned his degrees at Brooklyn College and Princeton. His main research was in gasdynamics, especially as motivated by aerospace problems. His last position was at the Department of Aeronautics and Astronautics of Stanford University, of which he was Associate Chairman for 20 years.

Professor Bershader served as an Associate Editor of the *Journal of Plasma Physics* from the very beginning in 1967 until he resigned in 1992.
