# Early Music History

## Editor

Iain Fenlon, *King's College, Cambridge, UK*

*Early Music History* is devoted to the study of music from the early Middle Ages to the end of the seventeenth century. It gives preference to studies pursuing interdisciplinary approaches and to those developing new methodological ideas. The scope is broad and includes manuscript studies, textual criticism, iconography, studies of the relationship between words and music, and the relationship between music and society.
