MUSSET

Theater of Solitude

The Drama of Alfred de Musset

by David Sices

A biographical, historical, and analytic introduction to Musset's artistic development and to his place in the European literary scene. Includes information on the production of several plays and an extensive bibliography of Musset's work and of critical studies.

"That such a remarkable playwright as Musset should be so neglected in America is a great irony. Known most frequently and unjustly outside of France as one of 'the sad young men of the nineteenth century,' when he was in fact the most original and scintillating playwright of his time (and more), is a wrong which has been rectified in this scholarly and informative volume." —*Library Journal*

**THE
CONCEPT
OF THE
AVANTE-GARDE**

Explorations in Modernism

by **JOHN WEIGHTMAN**

“Weightman’s diverse and fascinating interests have been brought together in *The Concept of the Avant-Garde*, a fine collection that ranges from the theoretical and historical discussion of avant-gardism to studies of Gide and Rousseau, reviews of recent plays and movies, and some sharp and incontrovertible reflections on the French *nouveau roman*. . . . Weightman is first-rate . . . One of the most uniquely instructive and illuminating critical voices to be heard today.” — *The New Leader*

“Weightman’s view is not limited to avant-garde art of the past. A number of movie and play reviews reprinted

in the book show his critical mind at work on contemporary successes. . . . But Weightman’s large acquaintance with the past is his great asset. It presents the avant-garde to him as a permanent, though evolving, set of artistic and social motifs — not just as a disconnected series of exclamation points (Surrealism! The Absurd!) twitching excitedly through history. . . . This book recommends itself strongly to your attention.”

How to read the label on a spotlight

1. We put the Kliegl name first on all our labels because we think it's the single most important guarantee you have of the fixture's reliability and quality. We also tell you what type of fixture it is—floodlight, spotlight, etc.

2. The catalog number of unit is clearly displayed so you don't have to hunt all over for it. Should you need more units, or want to talk to someone at Kliegl about the unit you own, the catalog number is readily accessible.

3. We list the rated voltage and wattage range of the fixture on the label for obvious reasons. You wouldn't want inexperienced personnel to guess at these ratings—so we display them prominently to you.

4. A complete set of approved lamps for the fixture, along with the rated hours and ordering code of each lamp is listed on the label. This makes record-keeping and lamp ordering a cinch.

5. The UL listing is your guarantee of adherence to rigid safety standards. It's harder to make fixtures so that they have a UL listing . . . but it helps to insure your operating safety. Look for the UL label before you buy.

This new type of label is affixed to the yoke of all Kliegl luminaries now coming off the production line.

MORE PREFACES TO SHAKESPEARE

HARLEY GRANVILLE-BARKER

Edited by EDWARD M. MOORE

This volume presents four previously uncollected Prefaces to the plays of Shakespeare by Harley Granville-Barker, one of the most influential and innovative directors of Shakespearean drama. In addition to the Prefaces to *A Winter's Tale*, *Twelfth Night*, *Macbeth*, and *A Midsummer Night's Dream*, Granville-Barker's original introduction to the first group of published Prefaces and a major essay, "From *Henry V* to *Hamlet*," are included. Cloth, \$7.50; Paper, \$2.95

BACK TO BECKETT

RUBY COHN

Although a leading Beckett scholar, in this book Ruby Cohn leans lightly on objective scholarship in an attempt to get back to Beckett, to the basic being in the works themselves. She draws on her personal response to his works, on the inherent human interest of his biography, on her discussions with him, and on her own fascination with the theatre in general and Beckett in particular. All his output, published and unpublished, is examined to show how Beckett investigates the anatomy of a particular genre and uses it to delineate the human situation. \$12.50

SHAKESPEARE'S MATURE TRAGEDIES

BERNARD McELROY

The collapse of the tragic hero's world and his struggle to reconstruct it—contrasted against the highly distinct, self-contained version of reality within the world of the play—is the basis for Bernard McElroy's wise and humane discussion of *Hamlet*, *Othello*, *King Lear*, and *Macbeth*. "... one of the best general studies of Shakespearean tragedy I have ever read."—*Jonas A. Barish*. \$10.00

TOWARD A MODERN JAPANESE THEATRE

Kishida Kunio

J. THOMAS RIMER

Rimer traces the initial modernization efforts undertaken by the first generation of Japanese playwrights of the *shingeki*, or "New Theatre," and concentrates on the work of Kishida Kunio, the most important figure in the Japanese theatre of the 1930's and 1940's. "The subject treated in this work has never before been treated in any Western book, and there is no book in Japanese either of comparable range."—*Donald Keene* \$14.50

THEATRE CRAFTS shows you how. So the show can go on.

Behind every great production an even greater production is holding the show together.

Whether it's Simon on Broadway. Or Shakespeare in Butte, Montana.

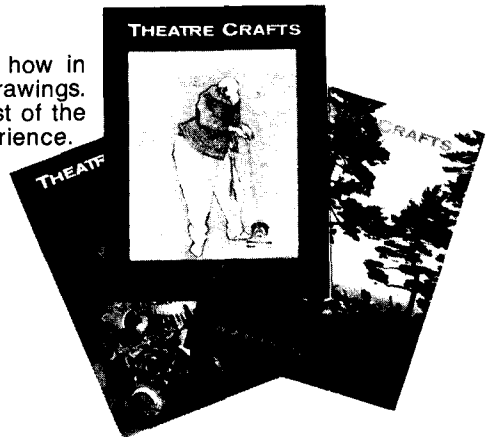

That's why there's THEATRE CRAFTS. For the "stars" whose costumes and scenery set Shaw's *Inferno* ablaze. Whose lighting brings out the best in Olivier. And whose direction keeps the freshman class from falling flat on its face.

How do they manage it?

Every other month they tell you exactly how in THEATRE CRAFTS. With diagrams and drawings. Candid, no-nonsense dialogue. And the best of the best from their decades of professional experience.

You'll find plenty of "how-to" information in articles on lighting, set design, make-up, costuming, movies, film and so much more!

And it's all yours. In the magazine that's all yours. THEATRE CRAFTS, especially written for the people who never take a curtain call.

Some magazines don't try to please everybody. Instead, they try to please people with special interests. Not surprisingly, they're called "special interest" magazines. Whatever your age, occupation, geographical location, hobby, sex, field of study, avocation, pastime, intellectual tastes or religious, political or philosophical persuasion, chances are there's a special interest magazine for you, published by people who share your special interest.

There are over 20,000 special interest publications in the U.S. today. Several of the best are presented here. You may subscribe to any one — or ones — that interest you, under the rates specified, and under this guarantee: if you're not entirely satisfied, each publisher guarantees that you may cancel at any time and receive an immediate and unquestioned refund covering the balance of your subscription.

Look over the selections carefully. Isn't there a special interest magazine here that specially interests you? One that you've been meaning to subscribe to? Now's your chance. To order, just fill in the coupon and return it. Send no money — the magazines you choose will bill you.

PERFORMANCE I "DIALOGUE" "POSSESSION"

"A brilliant and fascinating movement poem. Never derivative, enormously original. Yves Lebreton and Gilles Maheu transformed themselves and their spectacular prop into object, subject, game, conflict, harmony. Viola Hegyi Swisher. After Dark Magazine

"Possession", for its ambiguity, touches our preconscious because there's no imagery, no maya, to distract us from the unfolding of its themes. Yves Lebreton and Gilles Maheu are very supple, expressive, disciplined performers, and one of the many paradoxes of their compelling performance is that it couldn't be done in a more rigorously abstract mode, yet it moves as variously and closely within us as emotion itself."
Lawrence Christon, *Los Angeles Times*

PERFORMANCE II "ACT WITHOUT WORDS 1 and 2" by Samuel Beckett "HUH ... " or THE ADVENTURES OF MR. BALLOON"

"A spectacle entitled 'Huh...' You must say it with a mildly bewildered tone, eyes opened wide, a smile offered to the angels, and a tender heart like a small child's. So one has an idea, but one idea alone, of that rare and devastating humor distilled by Yves Lebreton. Without seeming to, Lebreton conducts a real psychoanalysis of the public. He gives us back a feeling of festivity, of uproar and of simple joy. He makes us laugh. But the laughter he causes isn't the ordinary kind. It's the laughter of children ... adults who laugh like kids with the same joy at once profound and superficial, gushing in all directions. ..."

In this ocean of humor, Lebreton swims vigorously and accomplishes a physical tour de force. He leads his spectacle at an unbridled pace without a single dead moment but with two strong ones: the balloons and his finale which it's best not to reveal. ..."
