1. Original Articles are accepted on the condition that they have not been published elsewhere.

2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.

3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.

4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.

5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.

6. Editorial Communications should be addressed to "EDITORS, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."

7. The Annual Subscription is Forty Shillings, post free, and is payable in advance.

8. Single copies of back numbers, both of the present and the previous series, are on sale at Four Shillings each.

9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings each.

## UNITED STATES OF AMERICA

Orders for this Journal, for single parts or yearly subscriptions, can be sent either through a local bookseller, or to Messrs G. E. STECHERT & CO., 31-33 East 10th Street, New York.

**INTRODUCING**

## THE WARING SUCTION TONSILLECTOMY

Every doctor doing tonsil work should investigate and see for himself the *unquestionable superiority* of this epoch-making contribution to tonsil surgery.

The outstanding success of a decade. There is nothing like it. By sheer force of merit, it has spread all over the American continent inside a year.

“Really remarkable—especially as to speed, lack of bleeding, and post-operative pain.”

“Has the old methods all beat to a standstill. Done much quicker; pillars uninjured; less bleeding; and convalescence only about half as long.”

**Simple! Rapid! Clean! Practically Bloodless!**

With Suction Pump—Snare and Waring Tonsil Suction Tubes only instruments used.

*The Waring Tonsil Suction Tube Sets \$10.00 post paid*
