# International & Comparative Law Quarterly

Published for the British Institute of International and Comparative Law (BIICL)

## Editors

Catherine Redgwell, *University College London, UK*

Robert McCorquodale, *British Institute of International and Comparative*

*International & Comparative Law Quarterly (ICLQ)* publishes papers on public and private international law and also comparative law. It has maintained its pre-eminence as one of the earliest and most important journals of its kind, encompassing human rights and European law. The journal encourages innovative and original articles that explore the interconnectedness between the legal subject areas, moving across the boundaries that divide the law in a way that provides vital analysis at a time when formal distinctions, in scholarship and between jurisdictions, are becoming less relevant. The *ICLQ* attracts scholarship of the highest standard from around the world, which contributes to the maintenance of its truly international frame of reference. The 'Shorter Articles, Comments, and Notes' and 'Current Developments' sections particularly enable the discussion of highly topical legal issues.
