

# LECTURE PROGRAMME

## WINTER SESSION 1946/7

The papers will be read in the Lecture Hall at Manson House, 26, Portland Place, London, W.1. (just behind the B.B.C.), and we are indebted to The Society of Tropical Medicine for the use of this hall.

Light Refreshments will be provided after the lectures.

**October** Saturday "A Historical Review of Helicopter Development"  
12th at 3 p.m. by Group Captain R. N. Liptrot, C.B.E.

**November** Saturday "Helicopter Research and Development"  
9th at 2.45 p.m. by C. G. Pullin, Esq., M.I.A.E., A.F.R.Ae.S.

**December** Annual Dinner

**January** Saturday "Some Problems of Helicopter Operation and  
18th at 2.30 p.m. their Influence on Design"  
by R. A. C. Brie, Esq., A.F.I.Ae.S.

**February** Saturday "Limitations in Helicopter Design"  
22nd at 2.30 p.m. by J. A. J. Bennett, D.Sc., F.R.Ae.S.

**March** Saturday Informal Discussion  
22nd at 3 p.m.

After considerable discussions at Council Meetings it was thought that Saturday afternoon would be the most convenient time to hold these meetings to allow members, coming long distances, the time to travel.

If, however, in the light of practical experience members request that it might be more convenient to hold the meetings during the evening on a weekday, the dates of the later lectures may be slightly altered.
