

Subject Index to Volume 11 — 1984

- Abetalipoproteinemia**
Electrophysiological Studies in Five Cases of Abetalipoproteinemia 60 (Feb)
- Abscess**
Brain Abscess Due to *Petriellidium boydii* 395 (Aug)
- Alcoholism**
Partially Reversible Cerebral Atrophy and Functional Improvement in Recently Abstinent Alcoholics 441 (Nov)
- Amnesia**
Retrograde Amnesia in Parkinson's Disease 297 (May)
- Aneurysm**
Rupture of an Experimentally Induced Aneurysm in a Primate 64 (Feb)
Management of Acute Subdural Hematomas from Aneurysmal Rupture 371 (Aug)
Visual Loss Secondary to a Giant Aneurysm in a Patient with Tuberous Sclerosis 472 (Nov)
- Aneurysmal Bone Cyst**
Aneurysmal Bone Cyst of the Skull 466 (Nov)
- Anticonvulsants**
Pharmacokinetic Interactions of Antiepileptic Drugs 247 (May)
- Basal Ganglia**
Function of the Basal Ganglia as Revealed by Cognitive and Motor Disorders in Parkinson's Disease 129 (Feb)
Physiology of the Basal Ganglia 124 (Feb)
Neurotransmitters in the Basal Ganglia 89 (Feb)
- Blood-Brain Barrier**
Pharmacological Modification of Blood-Brain Barrier Permeability 24 hours after a Cold Lesion 447 (Nov)
- Calcium Antagonists**
Calcium Antagonists, Cerebral Ischemia and Vasospasm 239 (May)
- Carotid Artery**
Ocular and Cerebral Ischemic Mechanisms in Disease of the Internal Carotid Artery 262 (May)
- Cerebral Atrophy**
Partially Reversible Cerebral Atrophy and Functional Improvement in Recently Abstinent Alcoholics 441 (Nov)
- Cerebral Blood Flow**
A Method for Measurement of Arterial Concentration of Cerebral Blood Flow Tracer for Autoradiographic Experiments 380 (Aug)
- Cerebrovascular Disease**
Occlusive Cerebrovascular Disease in Young Adults 302 (May)
- Cervical Spondylosis**
Posterior Column Dysfunction in Cervical Spondylosis Myelopathy 365 (Aug)
- Choroid Plexus**
Third Ventricle Choroid Plexus Carcinoma 461 (Nov)
- Corpus Callosum**
The Andermann Syndrome: Agenesis of the Corpus Callosum Associated with Mental Retardation and Progressive Sensorimotor Neuropathy 257 (May)
- CT Scan**
Partially Reversible Cerebral Atrophy and Functional Improvement in Recently Abstinent Alcoholics 441 (Nov)
- Dopamine Receptor**
Pharmacological and Biochemical Evidence for the Existence of Two Categories of Dopamine Receptors 114 (Feb)
The Dopamine/Neuroleptic Receptor 108 (Feb)
- Dystonia**
Conference Report — The Torsion Dystonias 481 (Nov)
- Epilepsy**
Pharmacokinetic Interactions of Antiepileptic Drugs 247 (May)
Intermittent Treatment of Febrile Convulsions with Nitrazepam 377 (Aug)
- Epilepsy, Treatment**
Free Valproic Acid: Steady-State Pharmacokinetics in Patients with Intractable Epilepsy 457 (Nov)
- Evoked Potentials**
Lateral Asymmetries and Thalamic Components in Far-Field Somatosensory Evoked Potentials 252 (May)
- Evoked Potentials, Visual**
Serial Pattern Shift Visual Evoked Potentials in Multiple Sclerosis 53 (Feb)
- Eye Movements**
Saccadic Intrusions and Oscillations 426 (Nov)
- Friedreich's Ataxia**
Friedreich's Ataxia with Dysautonomia and Labile Hypertension 73 (Feb)
Quebec Cooperative Study of Friedreich's Ataxia 501 - 660 Supplement (Nov)
- Head Injury**
The University of Toronto Head Injury Treatment Study: A Prospective, Randomized Comparison of Pentobarbital and Mannitol 434 (Nov)
- Huntington's Disease**
Genetic Linkage of the Huntington's Disease Gene to a DNA Marker 421 (Nov)
- Intraventricular Pressure**
New Intraventricular Catheter for Volume Pressure Response Movements 479 (Nov)
- Meningitis**
Fulminating Haemophilus Influenzae b Meningitis 78 (Feb)
Recurrent Aseptic Meningitis Secondary to Intracranial Epidermoids 387 (Aug)
- Migraine**
Migraine: New Views on an Old Theory 363 (Aug)
- Multiple Sclerosis**
Serial Pattern Shift Visual Evoked Potentials in Multiple Sclerosis 53 (Feb)
Therapeutic Trials in Multiple Sclerosis 355 (Aug)
- Myoglobinuria**
Myoglobinuria 1984, 1 (Feb)
- Myopathy**
Fatal Nemaline Myopathy in Infancy 305 (May)
Oculoskeletal Myopathy with Abnormal Mitochondria 390 (Aug)
- Obituaries**
James Bert Ryal Cosgrove, M.D., F.R.C.P.(C)
- Opioid-Systems**
Anatomy of the Opioid-Systems of the Brain 14 (Feb)
- Paget's Disease**
Hydrocephalus and Headaches in Paget's Disease of the Skull: Complete Relief by Ventriculo-Atrial Shunt 69 (Feb)
- Parkinson's Disease**
Bromocriptine in the Management of End of Dose Deterioration in Parkinson's Disease 452 (Nov)
Characteristic Alterations in Responses to Imposed Wrist Displacements in Parkinsonian Rigidity and Dystonia Musculorum Deformans 281 (May)
Current Concepts and Controversies in Parkinson's Disease 89-238 (Feb supplement)
- Etiology of Parkinson's Disease: A Research Strategy 24 (Feb)
Retrograde Amnesia in Parkinson's Disease 297 (May)
- Phylogenetic Diseases**
Hypothesis: Phylogenetic Diseases of the Nervous System 29 (Feb)
- Pituitary**
University of Calgary Combined Neuroscience Rounds — Clinicopathological Conference Carcinoma of the Pituitary Gland with Metastases to Bone 310 (May)
- Polychondritis**
Relapsing Polychondritis with Multifocal Neurological Abnormalities 402 (Aug)
- Progressive Supranuclear Palsy**
An Atypical Case of Progressive Supranuclear Palsy 48 (Feb)
- Reflex Studies**
Dependence of EMG Responses Evoked by Imposed Wrist Displacements on Pre-existing Activity in the Stretched Muscles 272 (May)
Characteristic Alterations in Responses to Imposed Wrist Displacements in Parkinsonian Rigidity and Dystonia Musculorum Deformans 281 (May)
Characteristics of EMG Responses to Imposed Limb Displacement in Patients with Vascular Hemiplegia 288 (May)
- Spinal Cord**
Inflammatory Myelopathy Presenting as a Cystic Intramedullary Spinal Cord Lesion 399 (Aug)
- Spinal Injuries**
Spinal Injuries Due to Hockey 34 (Feb)
- Spinal Lipomatosis**
Spinal Epidural Lipomatosis: A Complication of Glucocorticoid Therapy 383 (Aug)
- Trauma, head**
The Impact of Head Trauma on Society 417 (Nov)
- Tuberous Sclerosis**
Visual Loss Secondary to a Giant Aneurysm in a Patient with Tuberous Sclerosis 472 (Nov)
- Tumour, Brain**
Astrocytoma Following Scalp Radiotherapy in Infancy 475 (Nov)
Third Ventricle Choroid Plexus Carcinoma 461 (Nov)
- Uremia**
Sensory Nerve Conduction in Chronic Uremic Patients During the First Six Months of Hemodialysis 269 (May)
- Valproic Acid**
Free Valproic Acid: Steady-State Pharmacokinetics in Patients with Intractable Epilepsy 457 (Nov)
- Vasospasm**
Calcium Antagonists, Cerebral Ischemia and Vasospasm 239 (May)
- Vasospasm, Cerebral**
Reversal of Acute Experimental Cerebral Vasospasm by Calcium Antagonism with Verapamil 42 (Feb)
