

## Erratum

# Prevention and control of iodine deficiency in pregnant and lactating women and in children less than 2-years-old: conclusions and recommendations of the Technical Consultation

by

WHO Secretariat on behalf of the participants to the Consultation, M Andersson, B de Benoist, F Delange and J Zupan

*Public Health Nutrition* **10** (12A), 1606–1611

doi: 10.1017/S1368980007361004

On page 1610, the heading

*Category 3. Countries or regions within the countries with weak or negligible iodised salt distribution (less than 90 % of the households consumed iodised salt)*

should read

*Category 3. Countries or regions within the countries with weak or negligible iodised salt distribution (less than 20 % of the households consumed iodised salt)*
