

JOURNAL
OF
HELMINTHOLOGY

(Founded by R. T. LEIPER)

Vol. XXV, 1951

Edited by

J. J. C. BUCKLEY, D.Sc.

William Julien Courtauld Professor of Helminthology
in the University of London

London School of Hygiene
and
Tropical Medicine
Keppel Street
London
W.C.1

CONTENTS OF VOLUME XXV.

Nos. 1/2.

	PAGES
1. Biocca, E. On <i>Ancylostoma braziliense</i> (de Faria, 1910) and its Morphological Differentiation from <i>A. ceylanicum</i> (Looss, 1911)	1—10
2. Biocca, E. On <i>Ancylostoma paraduodenale</i> , a New Species from Felines, Closely Related to <i>A. duodenale</i> ...	11—18
3. Sandosham, A. A. On Two Helminths from the Orang Utan, <i>Leipertrema rewelli</i> n.g., n.sp. and <i>Dirofilaria immitis</i> (Leidy, 1856)	19—26
4. Staniland, L. N. and Southey, J. F. Common Vetch, <i>Vicia sativa</i> L., as a Host of the Oat Strain of Stem Eelworm, <i>Ditylenchus dipsaci</i> (Kühn, 1857) Filipjev, 1936	27—28
5. Goodey, T. Stem Eelworm Attack on Seedlings of Vetches, <i>Vicia villosa</i> Roth. and <i>Vicia sativa</i> L. ...	29—32
6. Goodey, J. B. The "Hemizonid", a Hitherto Unrecorded Structure in Members of the Tylenchoidea	33—36
7. Fenwick, D. W. Investigations on the Emergence of Larvae from the Cysts of the Potato-root Eelworm, <i>Heterodera rostochiensis</i> . 4. Physical Conditions and their Influence on Larval Emergence in the Laboratory	37—48
8. Fenwick, D. W. Investigations on the Emergence of Larvae from the Cysts of the Potato-root Eelworm, <i>Heterodera rostochiensis</i> . 5. A Shortened Method for the Conduct of Hatching Tests	49—56
9. Fenwick, D. W. and Franklin, M. T. Further Studies on the Identification of <i>Heterodera</i> Species by Larval Length. Estimation of the Length Parameters for Eight Species and Varieties	57—76
10. Kendall, S. B. and McCullough, F. S. The Emergence of the Cercariae of <i>Fasciola hepatica</i> from the Snail <i>Limnaea truncatula</i>	77—92
11. Willmott, S. M. and Pester, F. R. N. On the Transference of Adult <i>Paramphistomum hiberniae</i> Willmott, 1950 from One Definitive Host to Another of the Same Species	93—96
12. Lees, E. On the Possibility of <i>Panagrellus silusiae</i> Parasitizing the Mouse under Experimental Conditions	97—104
13. Owen, R. W. The Helminth Parasites of Domesticated Birds in Mid Wales	105—130
Actual Dates of Publication of Volume XXIV	130

(P.T.O.)

	PAGES
1. Hsü, K. C. Experimental Studies on Egg Development, Hatching and Retrofection in <i>Aspiculuris tetraptera</i>	131—160
2. Fenwick, D. W. and Reid, Elizabeth. The use of a Microbalance in Putting up Uniformly Sized Batches of <i>Heterodera</i> Cysts for Experiment ...	161—165
3. Fenwick, D. W. On the Varying Nematicidal Effects of Different Samples of D-D against the Potato-root Eelworm <i>Heterodera rostochiensis</i>	166—172
4. Fenwick, D. W. A New Modification of the McMaster Slide for Use in Potato-root Eelworm Investigations	173—176
5. Morgan, D. O., Parnell, I. W. and Rayski, C. The Seasonal Variations in the Worm Burden of Scottish Hill Sheep	177—212
6. Buckley, J. J. C. Studies on Human Onchocerciasis and <i>Simulium</i> in Nyanza Province, Kenya. II. The Disappearance of <i>S. neavei</i> from a Bush-Cleared Focus	213—222
7. Jones, F. G. W. Further Observations on the Distribution of the Beet Eelworm	223—230
Index	231—235
