Radiocarbon reaches libraries, labs, individuals, and institutions in North America, South America, Europe, the Middle East, Asia, Africa, and Australasia. We can help you reach your target market, wherever it is.

We publish three issues per volume year. Advertise in two consecutive issues and get the third at a significant discount (must reserve all three ads at once for discount to apply).

We accept full-page and multipage advertisements in black and white or full-color. You may send camera-ready copy, film negatives, or digital files. Or, for a small fee, we will create an ad from your supplied text and graphics.

RADIOCARBON AMS RESEARCH MANAGER

- Leading Radiocarbon Research Facility
- Sydney Based

The Australian Nuclear Science and Technology Organisation (ANSTO) leads a range of advanced research programs applying AMS to environmental, archaeological, atmospheric, quaternary science and nuclear safeguards research. We seek a research manager with an international reputation in a radiocarbon-related field to lead our AMS Group. The AMS Group uses the 10MV ANTARES accelerator and is acquiring a new 2MV Tandatron accelerator and EA/IRMS facility to enhance its radiocarbon science.

The successful candidate will create research alliances with industry, academia and other research institutions both within Australia and overseas, expand the effective use of AMS, efficiently manage projects and resources, improve overall results and achievements of the lab and boost the reputation of the ANSTO AMS Lab as a global leader in AMS and radiocarbon research.

Strong leadership and interpersonal skills are required, coupled with project management and commercial orientation. Your international reputation in a radiocarbon-related field will be supported by a PhD in Physics, Chemistry, Earth Sciences or related fields.

We offer a competitive salary and benefits package (in the range of AUD89k to 112k). This position offers excellent opportunities for personal and professional growth. Relocation assistance is available.

For further details, please call NICK FALLA on +61 2 9922 1600 or email CV to nfalla@bridgeconsulting.com.au.
