THE World Peace Foundation is a non-profit organization which was founded in 1910 by Edwin Ginn, the educational publisher, for the purpose of promoting peace, justice, and good-will among nations.

For many years the Foundation has sought to increase public understanding of international problems by an objective presentation of the facts of international relations.

Recently, increased attention has been focused on international organization through the publication of this journal and the maintenance of a library, specializing in documents and publications of governmental international organizations and secondary sources in the field.
