Canadian Journal on Aging / La Revue canadienne du vieillissement

Published on behalf of the Canadian Association on
Gerontology/ L'Association canadienne de gérontologie

Editor-in-Chief

Margaret J. Penning, *University of Victoria, Canada*

This journal disseminates the latest work of researchers in the social and biological sciences who study the older population of Canada and other countries; informs policy debates relevant to aging; seeks to improve the quality of life for Canada's older population and for older populations in other parts of the world through the publication of research that focuses on the broad range of relevant issues; and encourages the exchange of the latest ideas in gerontological research.

Social Policy Digest

The **Social Policy Digest** is designed as a key online resource for all those working in UK social policy - policymakers, researchers, teachers and students, campaigners, journalists, and practitioners. It provides a categorized, and regularly updated, listing of relevant new developments across the whole social policy field.

Access to the Digest is now completely free.

The Digest database contains tens of thousands entries covering the period since 2002. Entries are organized by theme and time period, and can be searched. There is also a 'Latest News' listing and a news feed service, both of which are updated on a near-daily basis.

Submitting a Proposal for a Themed Section

Social Policy and Society

A Journal of the Social Policy Association

- 1 Prospective Guest Editor(s) of a Themed Section should, in the first instance, contact the Managing Co-Editors, Hugh Bochel and Catherine Bochel, by e-mail to speditors@lincoln.ac.uk to outline their idea.
- 2 Following an initial discussion, a proposal for a Themed Section should be submitted in Microsoft Word format by e-mail to speditors@lincoln.ac.uk. This should include:
 - a the envisaged title
 - b the names and institutional affiliations of the proposed Guest Editor(s)
 - c a brief outline of the rationale for the Themed Section
 - d a list of contents (listing all of the contributors, the titles of each article and an abstract for each)
- 3 Proposals are then reviewed by the Editorial Board. Guest Editors whose proposals are subsequently accepted, will be invited to publish a Themed Section in the journal.
- 4 Themed Sections should contain the following:
 - a An 'Introduction', usually written by the Guest Editor(s) providing a short introductory piece to the Themed Section
 - b a set of peer reviewed articles - usually no more than six articles in total
 - c a 'Review Article', which provides a selected review of the key literature
 - d a short 'Some Useful Sources' guide to key sources in the area
- 5 The total word limit for an entire Themed Section is no more than 40,000 words. This is to include all tables, endnotes and bibliographies.
- 6 Each individual article must be no more than 5000 words in length and must conform to the Instructions for Contributors.
- 7 Upon acceptance of their proposal Guest Editor(s) will receive further detailed guidance from the Managing Co-Editors about their responsibilities e.g. the required refereeing process, production deadlines etc.

Instructions for contributors

All papers must be submitted using Manuscript Central through the journal's website at: journals.cambridge.org/aso.

All books for review should be sent to: Stella Allinson, Review Editors' Assistant, *Ageing & Society*, Faculty of Health and Social Care, The Open University, Walton Hall, Milton Keynes, MK7 6AA, UK.

Submission requirements

Submission of an article is taken to imply that it has not been published elsewhere. Authors will be required to confirm on submission of their article that the manuscript has been submitted solely to this journal and is not published, in press, or submitted elsewhere.

Papers with more than one author must designate a corresponding author. The corresponding author must confirm that co-authors have read the paper and agree to its submission.

The corresponding author should prepare (a) a complete text and (b) complete text minus the title page, acknowledgements, and any running headers of author names, to allow blinded review.

Where the paper reports original research on human subjects, confirmation must be given that ethical guidelines have been met, including adherence to the legal requirements of the study country. Authors must state the full name of the body providing the favourable ethical review and reference number.

A declaration of sources of funding must be provided if appropriate. Authors must specify what role, if any, their financial sponsors played in the design, execution, analysis and interpretation of data, or writing of the study.

Contributors of articles or reviews accepted for publication will be asked to assign copyright, on certain conditions, to Cambridge University Press. The Publisher reserves the right to typeset material by conventional means.

Preparation of manuscripts

Authors are requested to bear in mind the multi-disciplinary and international readership of the journal when writing their contribution. Care must be taken to draw out the implications of the analysis for readers in other fields, other countries, and other disciplines.

The stereotypical presentation of individuals or social groupings, including the use of ageist language, must be avoided.

Articles must be between 3,000 and 9,000 words (excluding the abstract and references). All contributions (including reviews) should be typed double-spaced with at least one-inch or two centimetre margins throughout (including notes and the list of references).

Most research articles usually have the following sections in sequence: Title page, Abstract (200-300 words), Keywords (three to eight), Main text, Statement of ethical approval as appropriate, Statement of funding, Declaration of contribution of authors, Statement of conflict of interest, Acknowledgements, Notes, References, Correspondence address for lead author. The tables and figures should be presented one to a page in sequence at the end of the paper.

The title page should give the title of the article and the author(s)' names, affiliations and postal and email addresses.

Authors are asked to follow the current style conventions as closely as possible. Please consult a very recent issue of the journal and download the full instructions for contributors from the journal's website: journals.cambridge.org/aso.

Proofs and offprints

Proofs will be sent to the corresponding author as a PDF via email for final proof reading. The proofs should be checked and any corrections returned within 2 days of receipt. The publisher reserves the right to charge authors for excessive correction of non-typographical errors.

Authors will receive a PDF of the published paper and a copy of the journal, to go to the corresponding author. If offprints are required, these must be purchased at proof stage.
