Walter Connor shows how the seven decades since Stalin launched the First Five Year plan have changed Soviet workers from a disorganized mass of unskilled ex-peasants into something very much like a class—not the working class intended by Lenin and Stalin but a new and powerful "accidental proletariat," produced by forces partly beyond the state's control. Does this new "proletariat" threaten glasnost and perestroika? To address that question, Connor examines the growth of the new "class" and its role in the crisis-ridden politics of Gorbachev's USSR.

Cloth: \$39.50 ISBN 0-691-07787-8

In this lively account of the rise of a commercial newspaper industry in imperial Russia, Louise McReynolds explores how the mass-circulation press created a forum for popular opinion advocating political change. From the Great Reforms of Tsar Alexander II in 1855 to the Bolsheviks' shut-down of the newspapers in 1917, she chronicles the exploits of publishers and editors, writers and readers. Arguing that this prosperous industry both expressed and shaped the development of ideas among new social groups, McReynolds provides insight into the growth in Russia of a fragile pluralism characteristic of modern societies.

THE NEWS UNDER RUSSIA'S OLD REGIME

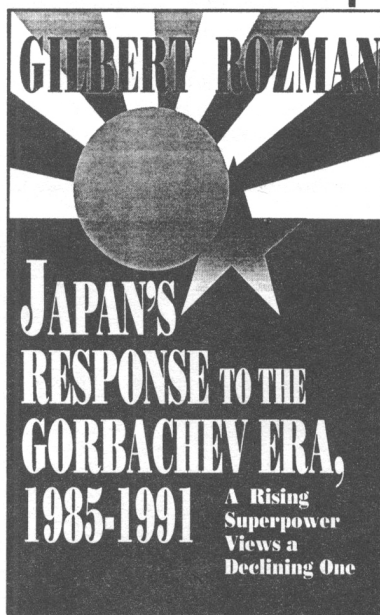

LOUISE McREYNOLDS

What will be the effect on Japan of changes in the Soviet system and in the world order? Gilbert Rozman argues that Japanese perceptions of the Soviet Union illuminate our understanding of the Japanese worldview.

Focusing on diverse opinion leaders and the relationship between the Japanese media, policy-making, and public opinion, Rozman shows how long-standing negative images of Soviet socialism and militarism have been reconsidered since the mid-1980s. His analysis treats issues such as the Northern Territories dispute, the Soviet commitment to reform, and the Soviet-American relationship.

SLAVIC STUDIES

An American Engineer in Stalin's Russia

The Memoirs of Zara Witkin, 1932-1934

Edited and with an Introduction by MICHAEL GELB

In 1932 Zara Witkin, a prominent American engineer, set off for the Soviet Union with two goals: to help build a society more just and rational than the bankrupt capitalist system at home, and to meet the beautiful film star Emma Tsesarskaia. His memoirs are an eye-witness view of Stalin's bureaucracy. Gelb provides the historical context, details of Witkin's personal life, and insights offered by Emma Tsesarskaia in an interview in 1989.

GLASNOST'
Deception, Desperation, Dialectics
by Montecue J. Lowry

GLASNOST' constitutes and presents an interpretation of events in the Soviet Union and Eastern Europe which differs from that propagated by Mikhail S. Gorbachev.

«The cold war may be over, but you'd better read this superb analysis of GLASNOST' before you decide. As we live through the great changes taking place in this decade, here is a scholarly and urgent warning that should be read and must be heeded.»
General Glenn K. Otis, United States Army, Retired

«GLASNOST' should be read by everyone who is interested in a factual and well-documented analysis of Mikhail Gorbachev and the continuing threat of Soviet Communism.» Major General Henry Mohr, United States Army, Retired

Montecue J. Lowry is Associate Professor of Physics at Houston Baptist University, Houston, Texas. He previously worked for the Central Intelligence Agency and taught history at the University of North Texas and Liberty University. A graduate of the United States Military Academy, he holds a Ph.D. in physics from Texas Christian University and a Ph.D. in history from the University of North Texas. He is the author of *The Forge of West German Rearmament* (Peter Lang, 1990), and has published on military, scientific and historical subjects.

ILYA EHRENBURG
An Idealist In an Age of Realism
by Jullan L. Laychuk

The cosmopolitan Soviet writer and journalist Ilya Ehrenburg represented something of an enigma for readers and critics not only in the West, but also in the Soviet Union. As an «*écrivain engagé*», he was, during his lengthy literary career spanning some six decades of this turbulent century, deeply involved through his writings, pronouncements, and activities in many of the events that have shaped our world. Despite the many unpredictable developments in the realm of international affairs over the years, which found reflection in his prolific writings, and the vagaries of his own literary career, he revealed an ingrained strain of idealism – expressed in terms of a commitment to reason, tolerance, and understanding – which, because of the ever-changing demands and realities of the time, he could not always openly display.

The Poet's Work

An Introduction to
Czeslaw Milosz
Leonard Nathan and
Arthur Quinn

The Poet's Work is an authoritative introduction to Milosz that charts the development of his art, relates his life and writing to the unfolding of his thought, and records the poet's own interpretation of his work. The authors follow Milosz's wanderings in exile from Poland to Paris to Berkeley and reveal as never before why he is a true visionary, a poet of ideas in history. They have crafted a lucid reading of Milosz that far surpasses anything yet written on this often enigmatic poet.

The Contested Country

Yugoslav Unity and
Communist Revolution,
1919-1953

Aleksa Djilas

"A timely (as well as frequently original) contribution to our understanding of what went wrong, but also what was right, with the Yugoslav idea and the Yugoslav Communist Party's attempts to deal with the national question... To write about the national question in Yugoslavia is to enter a mine field of national prejudices ready to explode. Mr. Djilas... enters this mine field with courage but not recklessness. His evenhandedness is impressive by any standard, especially Yugoslav ones... [It] should be essential reading for anyone interested in Yugoslavia's troubled past and doubtful future."

TO THOSE WISHING TO SUBMIT MANUSCRIPTS

Manuscripts for consideration should be submitted in four double-spaced typed copies. (If manuscripts are computer generated, they should be letter quality or near letter quality. Continuous form sheets must be separated.) Notes and block quotations should be double-spaced; notes should be placed at the end of the manuscript and not at the bottoms of pages. Figures, charts, photographs, and other illustrative materials must be available in camera-ready form, although camera-ready copy does not have to be sent with the initial submission.

Manuscripts are sent to outside readers in anonymous form and should be prepared accordingly. Library of Congress transliteration and the *Chicago Manual of Style* are to be followed. In general, articles should not exceed twenty-five typed pages 8½" and 11" in dimension—including endnotes. Manuscripts will not be returned unless postage is included; please do not send checks.

The policy of the *Slavic Review* is not to consider materials that have been published or that are being considered for publication elsewhere.

Publication of articles in the *Slavic Review* is ordinarily limited to those submitted by members of AAASS. Nonmembers wishing to submit manuscripts are asked to request a membership application; please see the inside front cover for information on membership.
