

The South West London **NHS**

Elective Orthopaedic Centre

**POST-ANAESTHETIC CARE UNIT (PACU) PRACTITIONERS
ANAESTHETIC PRACTITIONERS**

We are looking for

Advanced Practitioners

From £27,300

Registered Nurses

From £19,200

(includes Newly Qualified Nurses)

Welcome to our custom-built Elective Orthopaedic centre, the first of its kind outside the USA. Once it opens early in 2004, we'll be helping many more patients walk more easily.

Thanks to the pooled resources of local Trusts - Epsom & St Helier, Kingston, Mayday, St George's - this state-of-the-art centre will virtually double the number of patients our new team sees. Eventually we'll be arranging surgery dates within 2 days of a patient's initial visit, and carrying out procedures within 3 months.

Apply now and you'll enjoy the advantages of this totally nurse-led environment even sooner. Working with the latest equipment and clinical techniques from the start, you'll quickly learn more about this high profile area than you thought possible. In a nurse-led environment, with a flat hierarchy and an open door policy, the potential for career advancement and personal satisfaction will be incredible, too.

To make the centre the success it deserves to be, we need energetic, proactive people, with the ambition and dedication to embark on a career pathway that could lead to a BSc or MSc. You'll also have a say in how the centre is run, and influence its direction. Our nurse-focused approach also includes commitment to family friendly workstyles.

To find out more, contact Sue King, Director of Nursing/Nurse Consultant, on 020 8823 9282 or email her on sue.king@swleoc.org for more information and an application form.
