

Three Hundred and Seventy-sixth Scientific Meeting
Physics Building, University of Newcastle upon Tyne
 21/22 SEPTEMBER 1982

LOW A. G. & RAINBIRD ANNA L. Measurement of gastric emptying rate in growing pigs	23A
RAINBIRD ANNA L., LOW A. G. & SAMBROOK I. E. Lack of effect of guar gum on gastric emptying in pigs	24A
FULLER M. F., CADENHEAD A. & CHEN K. H. The utilization of a supposedly ideal protein for growing pigs	25A
COTELELLA L., EMERY P. W. & RENNIE M. J. Paradoxical changes in 3-methylhistidine production and muscle protein degradation in fasted rats	26A
WILLIAMS A. P. & COCKBURN J. E. The effect of dimethylolurea treatment on the metabolism of casein in the rumen of steers	27A
GRANTLEY-SMITH M. P. & OLDHAM J. D. Nitrogen cycling in growing cattle fed maize silage	28A
JAMES S., FILDES F. J. T., BROOME A. W. J. & DAVIES A. Effect of Synperonic upon bulk viscosity, dilution rate and other rumen parameters	29A
BRICE R. E. & MORRISON I. M. Digestion of grass stem in nylon bags of different pore size in an artificial rumen (Rusitec)	30A
ELIMAM M. E. & ØRSKOV E. R. The effect of diet composition and particle size on the outflow of chromium-mordanted protein supplements from the rumen of high yielding dairy cows	31A
ISTASSE L. & ØRSKOV E. R. The correlation between extent of pH depression and degradability of washed hay in sheep given hay and concentrate	32A
MONTANEZ R. H. GODOY, PARKER D. S. & ARMSTRONG D. G. Rumen volatile fatty acids and blood constituents in sheep given either molasses or a mixture of sugars	33A
BASSETT J. M. Endocrine responses to cessation of lactation in sheep	34A
BASSETT J. M. Endocrine and metabolic responses to intravenous glucose or insulin injection in sheep during pregnancy and lactation	35A
RUGG-GUNN A. J., HACKETT A. F., APPLETON D. R., JENKINS G. N. & EASTOE J. E. Relationship between dental caries increment and dietary habits assessed over 2 years in 405 English schoolchildren	36A
STEPHENSON R. G. A., NGONGONI N. T., ROBINSON J. J., ATKINSON T. & CHESWORTH J. M. The effect of hormone status on the rate of outflow of a chromium-mordanted protein concentrate from the rumen of ewes	37A
BRINKLOW B. R. & FORBES J. M. Prolactin infusion causes increased nitrogen retention in lambs in continuous darkness	38A
SUMNER R. & WEEKS T. E. C. Effect of insulin infusion on nitrogen excretion in sheep	39A
BASSETT J. M., BURKS A. H. & PINCHES R. A. Maternal and foetal metabolism and its endocrine regulation in alloxan-diabetic pregnant ewes	40A
CHANDLER K. D., HEMPHILL P. MCN., BIRD A. R. & BELL A. W. Effects of undernutrition and exercise on uterine uptake of D(-)-3-hydroxybutyrate in the late-pregnant ewe	41A
LOMAX M. A., DONALDSON I. A. & POGSON C. I. The effect of glucagon and 3'-5' cyclic AMP on the metabolism of palmitate by isolated hepatocytes from adult sheep	42A
THOMAS K. M. & RODWAY R. G. Effects of trenbolone on corticosterone production by isolated rat adrenal cells	43A
FLETCHER J. M., HAGGARTY P., WAHLE K. W. J. & REEDS P. J. Growth and hormonal status of female Zucker rats maintained at 22° and 30°	44A
QUARTERMAN J. Milk, lactoferrin and heavy-metal absorption	45A
PHILIPPO M. & GRACA D. S. Biliary copper secretion in cattle	46A
HILL R. & WALKER D. M. The retention of ⁵⁹ Fe and ⁶⁵ Zn in lambs given milk substitute diets based on either casein or soya-bean protein	47A
BOLTON S. C., WEEKES T. E. C., GODDEN P. M. M. & ARMSTRONG D. G. Glucagon-induced lipolysis and plasma Mg levels in normal and hyperthyroid sheep	48A
MERRY R. J. & McALLAN A. B. The chemical composition of mixed bacteria separated from different phases of rumen digesta	49A
McALLAN A. B. & SMITH R. H. Effect of dietary nitrogen supplementation on fibre digestion in the rumen	50A
RUSBY AUDREY A. & FORBES J. M. The effect of portal vein infusion of lysine on the intake of high- and low-protein diets by the chicken	51A
FARRELL D. J. & PYM R. A. E. Fasting heat production of broilers selected for increased growth rate, food consumption or conversion of food to gain	52A
FARRELL D. J. & TINH N. X. A comparison of the heat production of heat-induced dwarf and normal chicks	53A
FARRELL D. J., ASHES J. R. & HOGAN J. P. Effects of milling and diet form on the metabolizable energy of maize, barley and wheat for poultry at two ages	54A
BARKER MARGO E., SCAIFE J. R. & GALBRAITH H. The effects of trenbolone acetate on plasma lipid concentrations in mature female sheep	55A
SULIEMAN A. H., GALBRAITH H. & TOPPS J. H. Response of mature female sheep to trenbolone acetate	56A
MACVINISH LESLEY J., GALBRAITH H. & CHESWORTH J. M. Steroid concentrations in sheep implanted with trenbolone acetate	57A
SINNETT-SMITH PATRICK A., DUMELOW N. W. & BUTTERY P. J. Protein turnover in sheep treated with trenbolone acetate and zeranol	58A
DONALDSON I. A. & HEITZMAN R. J. Reduction of urea synthesis in growing heifers implanted with trenbolone acetate	59A

Proceedings of the Nutrition Society

CONTENTS OF VOL. 42, No. 1, JANUARY 1983

SYMPOSIUM PROCEEDINGS

*Three Hundred and Seventy-third Scientific Meeting
Department of Physiology, Downing Street, Cambridge
1/2 JULY 1982*

VITAMIN A IN NUTRITION AND DISEASE

*Chairmen: DR. I. M. SHARMAN, Dunn Nutritional Laboratory, University of Cambridge
DR. E. M. WIDDOWSON, University of Cambridge Clinical School
DR. R. G. WHITEHEAD, Dunn Nutritional Laboratory, University of Cambridge
DR. G. A. J. PITT, Department of Biochemistry, University of Liverpool*

	PAGE
SHARMAN I. M. Historical introduction	1
SIMPSON K. L. Relative value of carotenoids as precursors of vitamin A	7
GLOVER J. Factors affecting vitamin A transport in animals and man	19
WEBER F. Biochemical mechanisms of vitamin A action	31
PITT G. A. J. Chemical structure and the changing concept of vitamin A activity	43
PIRIE ANTOINETTE Vitamin A deficiency and child blindness in the developing world	53
BATES C. J. Vitamin A in pregnancy and lactation	65
PETO R. Differences between carotene and retinol	81
HICKS R. M. The scientific basis for regarding vitamin A and its analogues as anti-carcinogenic agents	83
MOORE T. Concluding remarks	95

ABSTRACTS OF COMMUNICATIONS

*Three Hundred and Seventy-fourth Scientific Meeting
Department of Physiology, Downing Street, Cambridge
1/2 JULY 1982*

BARR H. GILLIAN, GRAY R. & McCRACKEN K. J. Computed intakes of essential nutrients by growing rats offered a varied diet	2A
McCRACKEN K. J. & BARR H. GILLIAN No impairment in efficiency of energy utilization in young growing rats kept at 24° and offered a varied diet	3A
McCRACKEN K. J. Heat production and energy retention of young pigs given low-protein diets	4A
WAHLE K. W. J., STEINHOOR W. D. & ELLIOT J. M. Gluconeogenesis and fatty acid oxidation in ruminant liver and mammary tissue slices as influenced by methylmalonic and ethylmalonic acids	5A
WAHLE K. W. J., WILLIAMSON I. P., SMITH A. & ELLIOT J. M. Activity in vitro of fatty acid synthetase and acetyl-CoA carboxylase from lactating bovine mammary tissue as influenced by methylmalonyl-CoA, coenzyme A and short-chain dicarboxylic acids	6A
BORDER P. M. & PITT G. A. J. Structural specificity for vitamin A activity in spermatogenesis in the rat	7A
DE LEEUW A. M., BROUWER A., VAN DEN BERG K. J., BROUWER A. & KNOOK D. L. Cellular distribution of vitamin A in rat liver studied in isolated fat-storing and other liver cells	8A
MATHIAS P. M., HAMILTON D., SIMMONS W. K. & HARLAND P. S. E. G. Vitamin A studies in the Maya Indian population of Belize	9A
MATHIAS P. M. Factors influencing plasma levels of vitamin A and retinol-binding protein during the early phase of recovery of children with severe malnutrition	10A
HICKS R. M., TURTON J. A., TOMLINSON C. N., GWYNNE J. & NANDRA K. The effect of two retinoids on the response of an inbred mouse strain to the bladder carcinogen <i>N</i> -butyl- <i>N</i> -(4-hydroxybutyl)nitrosamine (BBN)	11A
TURTON J. A., HICKS R. M., GWYNNE J., HUNT R., PALMER L., MEDAWAR P. B. & HAWKEY C. M. Skeletal development as an index of retinoid toxicity	12A
HUNT R., PALMER L., MEDAWAR P. B., TURTON J., GWYNNE J. & HICKS R. M. Immunopotential by retinoids in rats and mice	13A
TRUGO NADIA M. F. & FORD J. E. Uptake and retention of vitamin B ₁₂ and its analogues in neonatal piglets	14A
BULL NICOLA L., SMART GLORIA A. & JUDSON HELEN A dietary survey in the Orkney Islands	15A
NAISMITH D. J. & ROBINSON S. M. Effect of moderate food restriction in pregnancy on the growth and development of the mammary gland	16A
WHICHELOW MARGARET J. & GREENFIELD META Energy intake of women during the first week post partum	17A
HEPPELL L. M. J., FORD J. E. & KILSHAW P. J. Effects of heat treatment of milk on its allergenicity and nutritional quality	18A
JAGOT S. A., JAKOBSON M. E. & WEBB G. P. Torpor in genetically obese mice	19A
HARRIS P. M. & MACHIN D. F. The effect of ovariectomy on adiposity	20A
HARRIS P. M. & DELLOW D. W. Requirements for maintenance of the growing brushtail possum (<i>Trichosurus vulpecula</i>)	21A
