MEDICAL HISTORY

THE OFFICIAL JOURNAL OF THE BRITISH SOCIETY FOR THE HISTORY OF MEDICINE

Editor: F. N. L. POYNTER, PH.D., D.LITT., HON. M.D. (KIEL), F.R.S.L., F.L.A.

Editorial Board:

THE RT. HON. LORD COHEN OF BIRKENHEAD, M.D., F.R.C.P.

SIR ZACHARY COPE, M.D., M.S., F.R.C.S.

W. S. C. COPEMAN, C.B.E., M.D., F.R.C.P.

DOUGLAS GUTHRIE, M.D., F.R.C.P.(Ed.), F.R.C.S.(Ed.), F.R.S.(Ed.)

K. D. KEELE, M.D., F.R.C.P.

NOTICE TO CONTRIBUTORS

Contributions, which may deal with any aspect of medical history or bibliography, are invited. The maximum length for original articles is about 10,000 words. Previously unpublished texts and documents, short papers, and bibliographical notes and queries will also be welcomed.

Manuscripts should be typewritten with double spacing and wide margins. The Editor reserves the right to make literary corrections. Captions or legends of illustrations should include particulars of their source and should be typed on a separate sheet. References should be arranged in number order, or alphabetically by author, and typewritten in double space. Each reference should contain name(s) and initial(s) of author(s) and full title of paper or work. Journal articles should also include name of journal, year, volume number, and complete pagination, in that order. Abbreviations of journal citations should conform to the style used in the *World List of Scientific Periodicals*. With books, the city of origin, publisher, date, and full pagination should be given.

A galley proof, which should be corrected and returned to the Editor as quickly as possible, will be sent to every contributor of an original article.

Contributors of main articles will receive fifty reprints free of cost. Particulars of the cost of additional reprints will be sent before publication, and orders for additional reprints should be made by return.

Manuscripts, review copies of books and reprints, and correspondence relating to the publication of papers should be addressed to the Editor, *Medical History*, The Wellcome Institute of the History of Medicine, 183 Euston Road, London, N.W.1.

Medical History is published quarterly in the third week in January, April, July and October.

SUBSCRIPTIONS

The subscription rate is £3 0s. 0d. a year in the United Kingdom, and \$9.00 in Canada and the U.S.A. Single issues of the current volume can be purchased at 17s. 6d. each, and of previous volumes at 25s. each. There is a special subscription rate for members of the British Society for the History of Medicine.

All inquiries regarding subscriptions, orders and advertising should be addressed to *Medical History*, The Wellcome Institute of the History of Medicine, 183 Euston Road, London, N.W.1. Subscriptions may also be placed with any periodical agent.

IMPORTANT NOTICE

We have regretfully to announce an increase in the subscription price of *Medical History*. Since the price was fixed at £3 per annum many years ago, printing costs have increased by more than 50 per cent and in the meantime there have also been several increases in postal charges. With effect from January 1971 the price of the journal will be £4 per annum in the United Kingdom, and \$12 in Canada and the U.S.A. Single copies of back issues (where available) will be charged at the rate of £1.50 a copy.

As a further measure of economy in the production of the journal we also have to announce that future contributors will receive twenty-five copies of their article free of charge instead of the fifty formerly given. Additional copies may be ordered on the appropriate form when corrected proofs are returned.

We hope that all our present subscribers will continue to support the journal and that new subscriptions will enable us to hold the present price for some years, despite the present inflationary trend.

F. N. L. POYNTER,
Editor.
