

**THE STABILITY OF THE
SOLAR SYSTEM AND OF
SMALL STELLAR SYSTEMS**

SYMPOSIUM No. 62

The I.A.U. Symposium No. 62 was held in Warsaw, Poland, from 5th to 8th September 1973 during the Extraordinary General Assembly of the I.A.U. in commemoration of the 500th anniversary of the birth of Nicolaus Copernicus.

The topics covered in this Symposium were the dynamical evolutions of planetary and satellite systems, the asteroid problem, the stability of small stellar systems and qualitative methods of dynamical systems in astronomy.
