

## NOTICE

Under the terms of the U.S. copyright law effective January 1, 1978, and the copyright laws of many other countries, journal publishers are required to obtain written confirmation from authors to acquire copyright rights for papers published in their journals. We ask your cooperation because it is of vital importance for the widest possible dissemination of your paper. We must have your written confirmation to authorize libraries and other information centers to use this material and to perform other appropriate publishing functions. We are therefore asking you to sign and return the applicable section of the form enclosed with this notice. **PLEASE SIGN ONLY THE APPLICABLE SECTION.**

**Which section of the form should you sign?** If you and your co-authors, if any, own rights in your paper as individuals (for example, you are working at a university or research institute, even if you are supported by a government grant), please sign **Section A** of the attached form. If you work for a corporation that owns the rights in the paper, please have an authorized officer of the corporation sign **Section B**. If the paper is in the public domain because you and all your co-authors created it within the scope of your employment with the U.S. government, please sign **Section C**. If the paper is subject to Crown copyright because you and all your co-authors are employees of the British or Canadian government, please sign **Section C**. If not all authors are government employees, then the nongovernment author should sign Section A. If any governmental entity other than the U.S., British, or Canadian government owns copyright, please call Academic Press at the number below. No manuscript will be processed until the appropriate form has been returned.

If your manuscript is not published within a reasonable period of time after acceptance, upon written request, AP will promptly return the rights to the manuscript to the author(s).

### General Terms of Publication in Academic Press Journals

#### 1. Author Warranties

- 1.1. The work submitted for review is new and has been written by the stated authors and has not been published elsewhere.
- 1.2. The work submitted is not currently under review for another journal and will not be submitted to another journal while under review for the present journal.
- 1.3. Submission of the work has been approved by all the authors and by the institutions where the work was carried out. Written authorization may be required at the Editor's discretion. For works with multiple authors, all the authors participated meaningfully in the work and agree on the submitted version of the work.
- 1.4. Any person cited in the work as a source of personal communications has approved such citation.
- 1.5. Submitted paper and electronic versions of the work are identical, except for elements that cannot be represented on paper.
- 1.6. All necessary permissions for the reproduction or excerpting of the work of others have been obtained.

#### 2. Understandings

- 2.1. All works submitted to Academic Press journals are subject to peer review, a process that is the responsibility of the Editors.
- 2.2. The authors agree that, if the work is accepted for publication, they will transfer the copyright in it exclusively to Academic Press, including the right of reproduction in all forms and media, whether now known or hereafter developed, and the right to include it in collections and databases.

#### 3. Personal Servers

- 3.1. Upon submitting an article to an Academic Press journal for review and possible publication, the authors are requested to add the following notice to the first screen of any posted electronic preprint versions of the paper: *This work has been submitted to Academic Press for possible publication. Copyright may be transferred without notice, after which this version may no longer be accessible.* Authors should note that posting the entire work may be regarded as prior publication by some journal editors (see Information for Authors of the specific journal).
- 3.2. When an Academic Press journal accepts the work for publication, the authors may post it, in its final accepted form, on their personal servers (but not on any organized preprint server) with a notice *Accepted for publication in <name of journal> as of <date>*, until it is published by Academic Press in print or electronic form.
- 3.3. After publication, authors may post their Academic Press copyrighted material on their own servers without permission, provided that the server displays as the first line of the HTML page the following notice alerting readers to their obligations with respect to copyrighted material: *This material has been published in <name of journal, issue number and date, page number>, the only definitive repository of the content that has been certified and accepted after peer review. Copyright and all rights therein are retained by Academic Press. This material may not be copied or reposted without explicit permission.* The posted work must also include the Academic Press copyright notice (*Copyright © 200x by Academic Press*) and a link to IDEAL (International Digital Electronic Access Library) at <http://www.idealibrary.com>.

**IMPORTANT:** Note that Academic Press may choose to publish an abstract or portions of the paper prior to publishing the paper in the journal. Please contact Academic Press immediately if you would like Academic Press to refrain from such prior publication for any reason, including disclosure of a patentable invention.

If you have any questions about the procedures, please call Cindy Macdonald at Academic Press: +1 (619) 699 6413.

Please **return the form** to *The Lichenologist*, Dr P. D. Crittenden, School of Biological Sciences, University of Nottingham, University Park, Nottingham NG7 2RD, U.K.

Thank you.
