

Animal Health Research Reviews

Contents

Food for thought: nano-selenium in poultry nutrition and health <i>Peter F. Surai and Ivan I. Kochish</i>	103
Evaluating farm-level livestock interventions in low-income countries: a scoping review of what works, how, and why <i>Johanna F. Lindahl, Florence Mutua and Delia Grace</i>	108
Pneumonia in endangered aquatic mammals and the need for developing low-coverage vaccination for their management and conservation <i>Ghulam Nabi, Richard W. McLaughlin, Suliman Khan, Yujiang Hao and Ming Xian Chang</i>	122
Special issue: Papers from Bovine Respiratory Disease Symposium	
Bovine Respiratory Disease virtual symposium <i>Christopher C. L. Chase and Amelia R. Woolums</i>	131
Impact of bovine respiratory disease in U.S. beef cattle <i>Brad J. White and Bob L. Larson</i>	132
The National Animal Health Monitoring System's perspective on respiratory disease in dairy cattle <i>Diana M. Short and Jason E. Lombard</i>	135
Economic considerations of enhanced BRD control <i>Derrell S. Peel</i>	139
Economics of respiratory disease in dairy replacement heifers <i>Michael W. Overton</i>	143
Risk factors for bovine respiratory disease in beef cattle <i>David R. Smith</i>	149
Components of a risk assessment tool for prevention and control of bovine respiratory disease in preweaned dairy calves <i>Sharif S. Aly, Betsy M. Karle, Deniece R. Williams, Gabriele U. Maier and Sasha Dubrovsky</i>	153
The role of the veterinary diagnostic lab in the management of BRD <i>R. G. Helman</i>	160
Development and application of molecular diagnostics and proteomics to bovine respiratory disease (BRD) <i>John Dustin Loy</i>	164
The role of the bovine respiratory bacterial microbiota in health and disease <i>Trevor W. Alexander, Edouard Timsit and Samat Amat</i>	168

Bovine respiratory disease treatment failure: definition and impact <i>Calvin W. Booker</i>	172
BRD treatment failure: clinical and pathologic considerations <i>T. L. Ollivett</i>	175
Pharmacological considerations of antibiotic failures in bovine respiratory disease cases <i>Brian V. Lubbers</i>	177
Genomics: the host's genotype and its relevance to bovine respiratory disease <i>Holly Neibergs</i>	179
Improving resistance of cattle to BRD through genomics <i>Kristen L. Parker Gaddis</i>	184
Behavior assessment and applications for BRD diagnosis: preweaned dairy calves <i>Catie Cramer and Theresa L. Ollivett</i>	188
Behavior assessment and applications for BRD diagnosis: beef <i>John T. Richeson</i>	192
Antimicrobial resistance in <i>Mannheimia haemolytica</i> : prevalence and impact <i>Brent Credille</i>	196
