

CONTENTS

BSAS 2009 Hammond Lecture

- Givens, D. I.*
Milk and meat in our diet: good or bad for health? 1941

Breeding and genetics

- Zidi, A., Serradilla, J. M., Jordana, J., Carrizosa, J., Urrutia, B., Polvillo, O., González-Redondo, P., Gallardo, D., Amills, M. and Fernández-Cabanás, V. M.*
Polymorphism of the caprine malic enzyme 1 (ME1) gene and its association with milk quality traits in Murciano-Granadina goats 1953

- Magee, D. A., Berkowicz, E. W., Sikora, K. M., Berry, D. P., Park, S. D. E., Kelly, A. K., Sweeney, T., Kenny, D. A., Evans, R. D., Wickham, B. W., Spillane, C. and MacHugh, D. E.*
A catalogue of validated single nucleotide polymorphisms in bovine orthologs of mammalian imprinted genes and associations with beef production traits 1958

- Ramírez-Valverde, R., Peralta-Aban, J. A., Núñez-Domínguez, R., Ruiz-Flores, A., García-Muñiz, J. G. and García-Peniche, T. B.*
Genotype by feeding system interaction in the genetic evaluation of Jersey cattle for milk yield 1971

- Lambert-Derkimba, A., Minéry, S., Barbat, A., Casabianca, F. and Verrier, E.*
Consequences of the inscription of local breeds in protected designation of origin cow cheese specifications for the genetic management of the herds 1976

Nutrition

- Jezierny, D., Mosenthin, R., Sauer, N. and Eklund, M.*
In vitro prediction of standardised ileal crude protein and amino acid digestibilities in grain legumes for growing pigs 1987

Physiology and functional biology of systems

- Villeneuve, L., Cinq-Mars, D. and Lacasse, P.*
Effects of restricted feeding of prepubertal ewe lambs on reproduction and lactation performances over two breeding seasons 1997

- Cools, A., Maes, D., Buyse, J., Kalmar, I. D., Vandermeiren, J.-A. and Janssens, G. P. J.*
Effect of *N,N*-dimethylglycine supplementation in parturition feed for sows on metabolism, nutrient digestibility and reproductive performance 2004

- Delgadillo, J. A. and Vélez, L. I.*
Stimulation of reproductive activity in anovulatory Alpine goats exposed to bucks treated only with artificially long days 2012

- Samadian, F., Towhidi, A., Rezayazdi, K. and Bahreini, M.*
Effects of dietary n-3 fatty acids on characteristics and lipid composition of ovine sperm 2017

- Darwish, W. S., Ikenaka, Y., El-Ghareeb, W. R. and Ishizuka, M.*
High expression of the mRNA of cytochrome P450 and phase II enzymes in the lung and kidney tissues of cattle 2023

- Martin, O. and Sauvant, D.*
A teleonomic model describing performance (body, milk and intake) during growth and over repeated reproductive cycles throughout the lifespan of dairy cattle. 1. Trajectories of life function priorities and genetic scaling 2030

- Martin, O. and Sauvant, D.*
A teleonomic model describing performance (body, milk and intake) during growth and over repeated reproductive cycles throughout the lifespan of dairy cattle. 2. Voluntary intake and energy partitioning 2048

Behaviour, welfare and health

- Poindrón, P., Otal, J., Ferreira, G., Keller, M., Guesdon, V., Nowak, R. and Lévy, F.*
Amniotic fluid is important for the maintenance of maternal responsiveness and the establishment of maternal selectivity in sheep 2057

- Corner, R. A., Kenyon, P. R., Stafford, K. J., West, D. M. and Oliver, M. H.*
The effect of different types of stressors during mid- and late pregnancy on lamb weight and body size at birth 2065

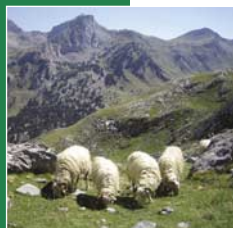

- Sutherland, M. A., Davis, B. L., Brooks, T. A. and McGlone, J. J.*
Physiology and behavior of pigs before and after castration: effects of two topical anesthetics 2071

- Souza, C. M., Miotto, B. A., Bonin, C. P. and Camargo, M. M.*
Lower serum IgA levels in horses kept under intensive sanitary management and physical training 2080

Farming systems and environment

- Puillet, L., Martin, O., Sauvant, D. and Tichit, M.*
An individual-based model simulating goat response variability and long-term herd performance 2084

- Gunia, M., Mandonnet, N., Arquet, R., de la Chevrotière, C., Naves, M., Mahieu, M. and Alexandre, G.*
Production systems of Creole goat and their implications for a breeding programme 2099

journals.cambridge.org

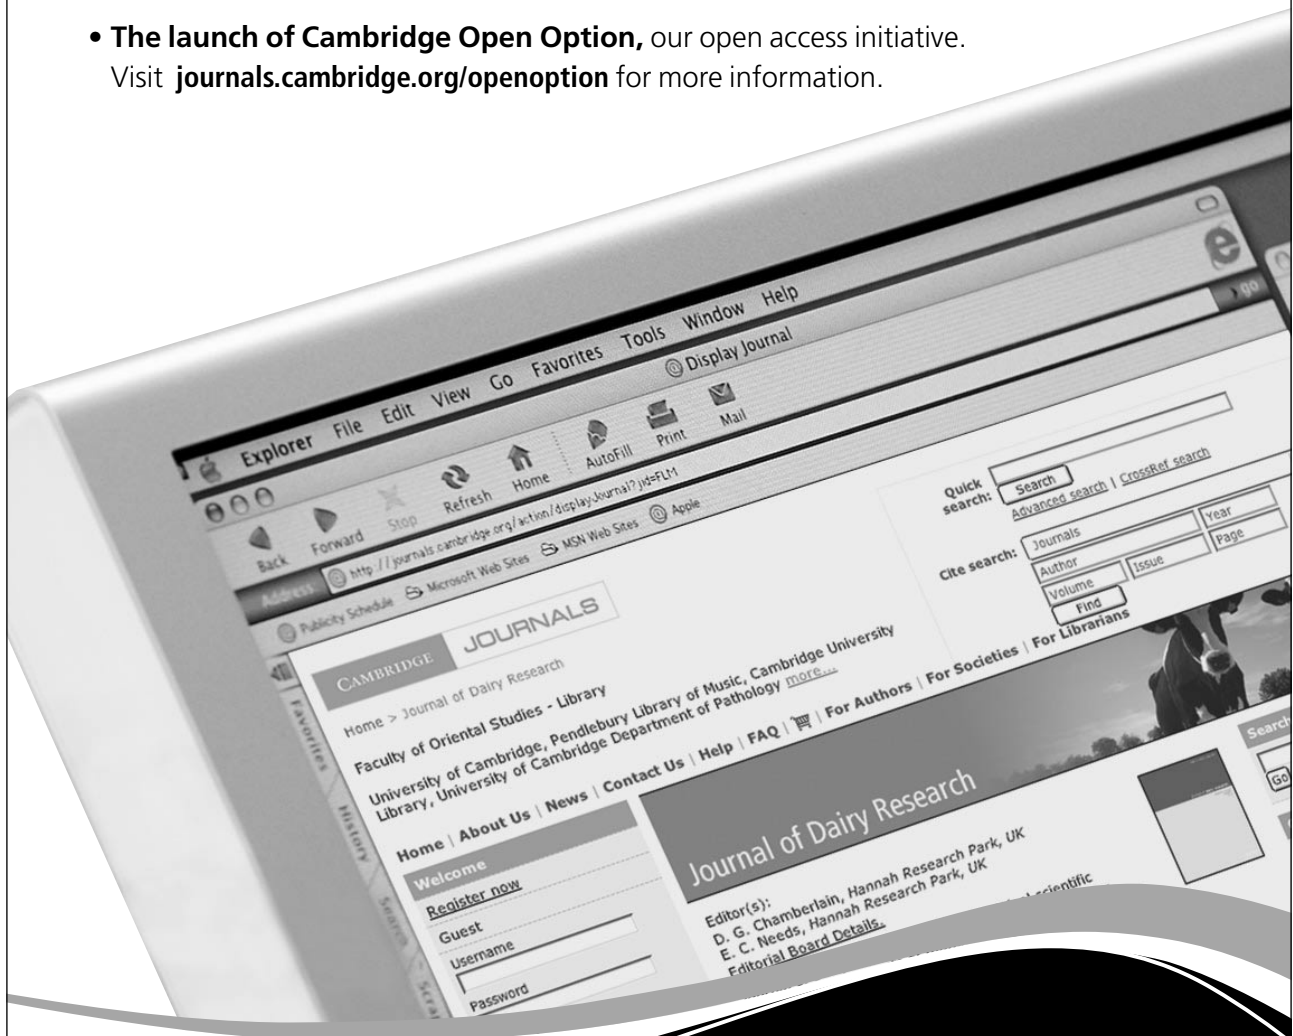

Advancing research. Increasing access.

Informed by detailed consultation with the library and research communities, we are constantly developing our industry-leading online journals platform.

Some recent advances include:

- **Refreshed site design**, facilitating rapid access to the most relevant content.
- **New advanced search interface** and a more detailed, fielded quick search function.
- **Enriched content** in the form of multimedia companions and editorial blogs.
- **The launch of Cambridge Open Option**, our open access initiative.

Visit journals.cambridge.org/openoption for more information.

You will Gain:

- ◆ Latest Achievement in Nutrients, Disease Cure and Feeding
- ◆ Improvement on Farm Facilities and Management

DUXES
Solutions Powered by Innovation

Duxes Agri & Food Series

China International Factory Farming & Animal Health Summit 2010

11-12 November, 2010

Swissôtel Beijing Hong Kong Macau Center
Beijing, China

JOURNALS

Knowledge is no longer shelved

The *Cambridge Journals Digital Archive* contains more than 160 journals, more than 3 million pages and more than 8 million linked references. Knowledge is now more visible and more searchable than ever.
