UNDERSTANDING WAR

Essays on Clausewitz and the History of Military Power

Peter Paret

These essays provide an authoritative introduction to Carl von Clausewitz. Reflecting Peter Paret's three decades of study of Clausewitz and of the history of war, they examine Clausewitz's theoretical work in the context of his time and in relation to war as a general historical phenomenon.

"Peter Paret is arguably the world's leading scholar on Clausewitz. . . . Here he has collected essays published over a lifetime of scholarship on Clausewitz and the history and institutions of war. They display his characteristic attention to detail, awareness of the larger context, insightful comments, and readable style."—L. L. Farrar, Jr., *History: Reviews of New Books*
