

Index of Authors

Small roman numerals refer to pages in Abstracts of Communications read at Open Scientific Meetings of The Nutrition Society.

- ARMSTRONG, D. G. and BLAXTER, K. L. The heat increment of a mixture of steam-volatile fatty acids and of glucose in the fasting sheep i
 AYKROYD, W. R. FAO and nutrition 4
- BALCH, C. C., HEAD, M. J., LINE, C., ROOK, J. A. F. and ROWLAND, S. J. Some observations on the magnesium metabolism of dairy cattle x
 BARBER, R. S., BRAUDE, R., MITCHELL, K. G., ROOK, J. A. F. and ROWELL, J. G. Further studies on antibiotic and copper supplements for fattening pigs ix
 BARNELL, H. R. and HOLLINGSWORTH, D. F. Food processing and nutritive value for man 142
 BARNES, J. M. The potential toxicity of chemicals used in food technology 148
 BLACK, J. G., MUNRO, H. N. and THOMSON, W. S. T. The site of action of glucose on protein metabolism during fasting vii
 BLAXTER, K. L., GRAHAM, N. McC. and WAINMAN, F. W. Frequency of feeding and energy utilization by sheep ii
 BLAXTER, K. L. *see also* ARMSTRONG, D. G. i
 BOURNE, G. H. Intracellular localization of vitamin C in the adrenal cortex xiii
 BOYD, G. S. and OLIVER, M. F. Some aspects of cholesterol metabolism 52
 BRAUDE, R. *see* BARBER, R. S. ix
 BURGESS, R. C. WHO and nutrition 13
- CHALMERS, M. I. and MARSHALL, S. B. M. A comparison of herring meal and groundnut meal for milk production in ruminants vi
 CLARKE, E. W. *see* CORBETT, J. L. v
 COOK, R. P. The chemistry and biochemistry of the sterols 41
 CORBETT, J. L., MILLER, T. B., CLARKE, E. W. and FLORENCE, E. The use of polyethylene glycol as an inert reference substance for the estimation of faecal output v
- DAVIDSON, L. S. P. Diet and anaemia: Chairman's opening remarks 101
 DOROLLE, P. International co-operative activities in the field of nutrition. An introductory statement i
 DOUGLAS, C. C. The development of experimental methods for determining the energy expenditure of man 72
 DUCKWORTH, J. Some technological developments of importance in animal nutrition 160
 DURNIN, J. V. G. A. Energy expenditure in the elderly 89
- EDHOLM, O. G. Energy expenditure in relation to nutrition 80
 EVANS, J. R. The absorption of vitamin B₁₂ in the megaloblastic anaemias 126
- FISHER, L. R., HARRISON, G. F., KON, S. K., PLACK, P. A., THOMPSON, S. Y. and TODD, P. E. E. An unusual form of vitamin A activity in herring eggs xi
 FLORENCE, E. *see* CORBETT, J. L. v
 FULLERTON, H. W. The relationship of lipaemia to thrombosis and atheroma 66
- GATENBY, P. B. B. The anaemias of pregnancy in Dublin 115
 GILL, J. C. Effect of hexoestrol implantation on fattening lambs iii
 GRAHAM, N. McC. *see* BLAXTER, K. L. ii
- HARRISON, G. F. *see* FISHER, L. R. xi
 HEAD, M. J. *see* BALCH, C. C. x
 HOLLINGSWORTH, D. F., VAUGHAN, M. C. and WARNOCK, G. M. Trends in dietary supplies in the United Kingdom of fats, essential fatty acids and pyridoxin xvii
 HOLLINGSWORTH, D. F. *see also* BARNELL, H. R. 142
 HYTEN, F. E. Differences in yield and composition of the milk from right and left breasts vi
- KON, S. K. *see* FISHER, L. R. xi
- LEACH, E. H. and LLOYD, J. P. F. Citral poisoning xv
 LINE, C. *see* BALCH, C. C. x
 LLOYD, J. P. F. *see* LEACH, E. H. xv
 LOVERN, J. A. Methods for investigating cholesterol and associated lipids 46
 LUCAS, I. A. M. *see* SMITH, H. iv
- MARSHALL, S. B. M. *see* CHALMERS, M. I. vi
 McCANCE, R. A. *see* WIDDOWSON, E. M. xv
 MACDONALD, I. and THOMAS, G. A. Experimental nutritional hepatic fibrosis xiv
 MILLER, T. B. *see* CORBETT, J. L. v
 MITCHELL, K. G. *see* BARBER, R. S. ix
 MONTAGNA, W. Observations on dietary requirements and hair growth xii
 MUNRO, H. N. *see* BLACK, J. G. vii
- NOLTIE, H. R. Energy expenditure in athletic activities 93

- OLIVER, M. F. *see* BOYD, G. S. 52
- PASSMORE, R. Daily energy expenditure by man 83
- PIRIE, N. W. Unexploited technological possibilities of making food for man and animals 154
- PLACK, P. A. *see* FISHER, L. R. xi
- PLATT, B. S. and WADSWORTH, G. R. Diet and anaemia: zymotic and other factors 103
- POSTMUS, S. Nutrition work in Burma past and present 35
- RANNIE, I. Experimental cholesterol atherosclerosis 61
- ROOK, J. A. F. *see* BALCH, C. C. x
- ROOK, J. A. F. *see* BARBER, R. S. ix
- ROSS, M. A. Nutrition and home-economics programme in Egyptian villages 30
- ROWELL, J. G. *see* BARBER, R. S. ix
- ROWLAND, S. J. *see* BALCH, C. C. x
- SECRETARIAT OF THE UNITED NATIONS CHILDREN'S FUND (UNICEF). UNICEF assistance for child nutrition 22
- SIMPSON, I. A. and SOH CHIN CHAI. The nutritional value of quail's eggs xi
- SINCLAIR, H. M. Dietary diseases of civilization xviii
- SMITH, H. and LUCAS, I. A. M. Some investigations on the composition of diets for pigs weaned at 8 lb. live weight iv
- SOH CHIN CHAI *see* SIMPSON, I. A. xi
- SPRAY, G. H. The role of pteroylglutamic acid and related compounds in macrocytic anaemia 119
- THOMAS, G. A. *see* MACDONALD, I. xiv
- THOMPSON, S. Y. *see* FISHER, L. R. xi
- THOMSON, W. S. T. *see* BLACK, J. G. vii
- TODD, P. E. E. *see* FISHER, L. R. xi
- VAUGHAN, M. C. *see* HOLLINGSWORTH, D. F. xvii
- WADSWORTH, G. R. *see* PLATT, B. S. 103
- WAINMAN, F. W. *see* BLAXTER, K. L. ii
- WARNOCK, G. M. *see* HOLLINGSWORTH, D. F. xvii
- WIDDOWSON, E. M. and McCANCE, R. A. Food, growth and renal function in the early days of life xv
- WOKES, F. Anaemia and vitamin B₁₂ dietary deficiency 134
- WOLFF, H. S. Modern techniques for measuring energy expenditure 77
- WOODRUFF, A. W. Anaemia associated with malnutrition in the tropics 110
- WORRALL, R. L. Plastics and food technology xvi
