## EFFERVESCING

### PYRETIC SALINE.

Important to all, more especially those who have charge of others; to Travellers, English Ministers, British Consuls, and Europeans seeking to reside in safety in Tropical and Foreign Climates.

Her Majesty's Representative, the Governor of Sierra Leone, in a letter of request for an additional supply of the PYRETIC SALINE, states—"It is of GREAT VALUE, and I shall rejoice to hear it is in the hands of all Europeans visiting the Tropics."

The Public, and Invalids especially, are informed that the late distinguished and learned Dr. Prout characterized its discovery as unfolding germs of immense benefit to mankind. Thirty years' experience confirms his opinion. Numbers who have previously suffered from Climates unsuited to the Constitution, or the injurious use of Mercury, inducing disease in its Protean form, who have visited our native Bethsadan waters and ponds in vain, have, by daily taking the PYRETIC SALINE, recovered their wonted health and vigour.

INVIGORATING and vitalizing the blood, it alleviates thirst in a most agreeable manner, and furnishes the system with those saline principles that are essential to health.

SICKNESS, HEADACHE, and NAUSEA, are in most cases immediately relieved by taking a teaspoonful in a tumbler of cold water. This can be repeated once or twice in two hours, if needful.

SEA VOYAGES.—It is a very valuable accompaniment, and should on no account be omitted. It instantly allays the sickness.

For BILIOUS CONSTITUTIONS, giving rise to vitiated Secretion, Indigestion, and Eruptions of the Skin, a teaspoonful should be taken daily with the dinner in a tumbler of water, and the same quantity on going to bed.

In cases of DIARRHŒA, put as much Magnesia as will lie on a shilling into half a tumbler of water; let this fall to the bottom of the glass, and then stir into it a teaspoonful of the Saline, and drink during effervescing.

WILLIAM STEVENS, Esq., M.D., D.C.L., states in his work on Fevers, that wherever the Saline treatment is adopted, these otherwise fatal maladies are deprived of their terrors. Out of 1000 cases only 11 died, whilst fully one half perished with any other mode of treatment.

N.B.—A SPURIOUS IMITATION having appeared, it is needful to observe that the PYRETIC SALINE HAS THE TRADE MARK ON THE TOP RIGHT AND LEFT CORNERS OF THE BUFF WRAPPER. Vice-Chancellor Sir W. P. WOOD, states in his verdict 'THAT THE OTHER IS A MERE SUBTERFUGE, AND THAT HE WAS STRUCK WITH THE DEFENDANT'S DEMERITS.
