

GENERAL NOTES

THE attention of members is drawn to the *EXCERPTA MEDICA*, Section XI, which is a most valuable international abstracting service as it gives each month abstracts of all the important papers in Oto-Rhino-Laryngology. The subscription is £4 8s. od. a year and the agents for Great Britain, the Dominions and the Commonwealth (excluding Canada) are E. and S. Livingstone Ltd., 16 and 17 Teviot Place, Edinburgh. We regret that in previous issues the price was incorrectly stated as five dollars or the equivalent.

BRITISH ASSOCIATION OF OTOLARYNGOLOGISTS

ANTERIOR POLIOMYELITIS AND EAR, NOSE AND THROAT OPERATIONS

THE attention of members is drawn to the Medical Memorandum on Poliomyelitis, No. 93222/7/63, dated July, 1954, issued by the Ministry of Health and Department of Health for Scotland. The relevant passages in this report, which are of interest to Otolaryngologists, are as follows :

1. EPIDEMIOLOGY.

(a) The present evidence suggests that the portal of entry is usually the mouth and that the primary site of infection is in the mucosa of the oropharynx or the small intestine.

(b) In bulbar poliomyelitis following tonsillectomy it seems that the virus most probably travels to the medulla along the cranial nerves supplying the pharynx.

(c) It is fairly generally accepted that specific trauma, especially tonsillectomy, may precipitate paralysis.

2. CONTROL MEASURES : AVOIDANCE OF CERTAIN TRAUMA.

(a) *Tonsillectomy.* The postponement of tonsillectomy when poliomyelitis reaches unusual proportions in a locality is strongly advised, particularly because when poliomyelitis follows recent tonsillectomy, serious illness, with bulbar involvement, appears to be more frequent. The Medical Officer of Health can assist by informing local hospital authorities when and where the incidence of the disease is unusually high, so that the surgeon may then take this hazard into account before deciding to operate.

(b) *Tooth Extractions.* There is very little evidence that tooth extractions may predispose to bulbar poliomyelitis. Nevertheless as with ear, nose and throat surgery the possibility should be kept in mind by dentists undertaking non-urgent extractions in areas of epidemic prevalence.

General Notes

THE INSTITUTE OF LARYNGOLOGY AND OTOTOLOGY (UNIVERSITY OF LONDON)

330-332 GRAY'S INN ROAD, LONDON, W.C.1.

THE Academic Board announces that the part-time advanced revision class for senior students preparing for the final F.R.C.S. examinations will be discontinued in its present form. Instead, a fortnight's full-time course covering the various aspects of the Specialty and related general surgical subjects will be held twice yearly; the first one from October 1st to 13th, 1956.

It also notifies the dates of the following short courses:

Practical Endoscopy for Consultants and Senior Registrars: September 28th and 29th, 1956.

The Deaf Child for Consultants and Senior Registrars: October 16th to 19th, 1956.

Aural Surgery for Consultants and Senior Registrars: October 26th and 27th, 1956.

The Annual Address will be delivered on October 12th, 1956, by Mr. R. D. Owen, of Cardiff.

NORTH OF ENGLAND OTOLARYNGOLOGICAL SOCIETY

THE Fifty Guinea Prize will be awarded again in 1957 for original work in otolaryngology carried out in the North of England.

Entries (three copies) should be sent to the Secretary, before August 1st, 1957.

The investigation must have been carried out during the tenure of a senior registrar, registrar, house officer, or clinical assistant post.

SIXTH INTERNATIONAL CONGRESS OF OTOLARYNGOLOGY

MEETING: WASHINGTON, D.C., U.S.A., MAY 5TH-10TH, 1957

THE Sixth International Congress of Otolaryngology will meet in Washington, D.C., U.S.A., on May 5th-10th, 1957. Preliminary announcement was sent to every otolaryngologist of record in the world in early autumn, 1955, asking that those interested indicate this fact by returning an enclosed card. A second notice with further information will soon be sent to those who returned these cards. If you wish to receive the second announcement and the original one did not reach you or you did not return the card, please notify Paul H. Holinger, M.D., General Secretary, 700 No. Michigan Ave., Chicago 11, Ill., U.S.A., so that your name may be placed on the active mailing list.

ROYAL COLLEGE OF SURGEONS OF ENGLAND

THE Court of Examiners reports to the Council that at the recent Final Examination for the Fellowship; 17 candidates presented themselves for the Examination in Otolaryngology, 4 of whom acquitted themselves satisfactorily.

The following are the names of the 4 candidates who are therefore, entitled subject to the approval of the Council, to the Diploma of Fellow:

Parsons, Howard Michael
Dalton, George Allen
Lam, Khuan Loon
Little, Neil Campbell

36 Newcombe Park, Mill Hill, N.W.7.
51 Arundel Crescent, Solihull, Warwickshire.
298 Brewster Road, Ipoh, Perak, Malaya.
P.O. Box 65, Dunedin, New Zealand.
