

Law & Society Review Condensed Style Sheet

Type manuscripts **double-spaced** on one side of the paper only. While manuscripts need not conform to this style sheet at the time of submission, all manuscripts must include an abstract, footnotes, and a list of references, and all accepted manuscripts must be revised by the authors to conform to the *Review's* style. **The rules listed below supplement the manuscript information on the inside front cover of the *Review*.** Authors are urged to consult *Review* issues in volume 26 or later for further illustrations. A detailed style sheet is available from the Editorial Office.

- 1. Abstracts.** All manuscripts should include an abstract of not more than 100 words. No abstracts are required for review essays or comments.
- 2. Footnotes.** Footnotes should be numbered sequentially (except for the author's footnote) and printed on pages immediately following the text (not at the foot of the page). They should contain only substantive comments and additional references not immediately relevant to the text.
- 3. Tables and Figures.** Tables should approximate the appearance of printed tables. Figures should be camera ready; provide originals, not xerographic copies. Tables and/or figures should be placed at the end of the text, after footnotes, appendixes, and references. Their location within the text should be indicated as follows:

Table 1 about here

- 4. Citations.** All notes that consist merely of supporting citations should be placed in parentheses in the text. For example:

In a thoughtful essay, Hayden (1991) . . .

OR

Media stories often portray the civil jury as generous (Daniels & Martin 1986:236; Hans 1989; Huber 1988).

The same general rules apply to footnote text.

- 5. References.** References are placed at the end of the manuscript following the footnotes. The list should contain only those sources actually cited in text or notes. Give authors' names as they appear in the original source. For more than one publication by the same author, list them in chronological order, with the older item first. For more than one publication in one year by the same author, use small (lower-case) letters to distinguish them (e.g., 1970a, 1970b).

BOOKS: Last Name, First Name (year) Title of Book. City: Publisher.

Example: Lerner, Melvin J. (1980) Belief in a Just World. New York: Plenum.

CHAPTER IN EDITED VOLUME:

Example: Glazer, Nathan (1979) "The Judiciary and Social Policy," in L. Theberge, ed., The Judiciary in a Democratic Society. Lexington, MA: Lexington Books.

ARTICLES: Last Name, First Name (Year) "Title of Article," volume number Journal page numbers of article. (Give month or issue number if each issue is separately paginated.)

Examples: Padgett, John F. (1990) "Plea Bargaining in Prohibition," 24 Law & Society Rev. 413-50.

Brill, Steven, & James Lyons ((1986) "The Not-So-Simple Crisis," American Lawyer 12-15 (May).

UNPUBLISHED PAPERS:

Example: Lofquist, William S. (1991) "The Development of Organizational Probation." Presented at American Society of Criminology annual meeting, San Francisco.

All cases cited in text are listed under "Cases Cited" following the References. All statutes cited are listed under "Statutes Cited." For style for cases and statutes, see *A Uniform System of Citation*.

Fragments on the Deathwatch

LOUISE HARMON

In this humane and lyrical book, Harmon asks whether the law can recognize the needs of families and loved ones and protect the space of their grieving. Looking at literature, philosophy, history, and autobiography, she delicately probes the taboos around the discussion of death.

"Who among us could not use a calm, thoughtful read on issues we will face as the dying and as the deathwatcher? For our personal and professional development, I recommend this book to all."

—Margaret Bell Drew, *Women Lawyers Journal*

LEGAL STUDIES

Legal Language

Peter M. Tiersma

"Peter Tiersma is trained in both law and linguistics, a combination that could become tomorrow's hot field. He argues that legal English differs in many ways from ordinary English, and that it does a poor job of communicating information. . . . Anyone interested in legal writing should own this book." —Richard C. Wydick, author of *Plain English for Lawyers*

Cloth \$26.00

Japanese Law

An Economic Approach

J. Mark Ramseyer and Minoru Nakazato

"This is a model work of comparative law and legal sociology. It renders the Japanese legal system with great vividness, in terms that European and American lawyers can understand, yet without concealing the profound foreignness of the Japanese legal culture. It is fascinating and lucid, expert and scholarly —never dry." —Richard A. Posner, Chief Judge, United States Court of Appeals

Cloth \$45.00

Studies in Law and Economics

The Rights Revolution

Lawyers, Activists, and Supreme Courts in Comparative Perspective

Charles R. Epp

"*The Rights Revolution* is a fascinating and important book. Epp's comparative focus adds immeasurable to the importance of his analysis and the strength of his argument, and he is persuasive, in large part, because he places courts and rights in the social, political and economic, and cultural environments in which they operate." —Gerald Rosenberg, author of *The Hollow Hope: Can Courts Bring About Social Change?*

Paper \$17.00

Supreme Court Decision-Making

New Institutional Approaches

Edited by Cornell W. Clayton and Howard Gillman

"This is a very valuable volume. It illuminates some of the most important issues in the field of public law, and in the social sciences, by providing examples of some of the leading scholarship." —Rogers Smith, Yale University

Paper \$19.00

Fear of Judging

Sentencing Guidelines in the Federal Courts

Kate Stith and José A. Cabranes

"An impressive illustration of public policy analysis at its finest. As they weave their tale of how our society still struggles with the fear of unbridled discretion on the part of federal judges, Stith (Yale Law Sch.) and Cabranes (U.S. Court of Appeals, Second Circuit, NY) scrutinize the power and discretion of federal courts and federal judges; the public's concern with law and order; separation of powers; the impact, intended and otherwise, of legal reforms; and more. . . . Highly recommended."—*Library Journal*

Paper \$17.00

The Struggle for Water

Politics, Rationality, and Identity in the American Southwest

Wendy Nelson Espeland

"*The Struggle for Water* is an innovative study and at its core is a powerful critique of rational choice theory. Espeland fuses organizations, conflict, culture, and identity to show how preferences are formed, and the case she has chosen beautifully exposes the influence of these social factors on preference formation."—Diane Vaughan, author of *The Challenger Launch Decision*

Dissent, Injustice, and the Meanings of America

Steven H. Shiffrin

Americans should not just tolerate dissent. They should encourage it. In this provocative and wide-ranging book, Steven Shiffrin makes this case by arguing that dissent should be promoted because it lies at the heart of a core American value: free speech. He contends, however, that the country's major institutions—including the Supreme Court and the mass media—wrongly limit dissent. And he reflects on how society and the law should change to encourage nonconformity.

Vampires, Dragons, and Egyptian Kings

Youth Gangs in Postwar New York

Eric C. Schneider

They called themselves "Vampires," "Dragons," and "Egyptian Kings." They were divided by race, ethnicity, and neighborhood boundaries, but united by common styles, slang, and codes of honor. They fought—and sometimes killed—to protect and expand their territories. In postwar New York, youth gangs were a colorful and controversial part of the urban landscape. This is the first historical study to explore fully the culture of these gangs.

Cloth \$29.95 ISBN 0-691-00141-3 *Due April*

New in paperback

Rethinking Abortion

Equal Choice, the Constitution, and Reproductive Politics

Mark A. Graber

Mark Graber looks at the history of abortion law in action to argue that the only defensible, constitutional approach to the issue is to afford all women equal choice—abortion should remain legal or bans should be strictly enforced.

"[Mark Graber's] pragmatic interpretation of abortion law and politics is interesting, concisely written, and well researched. . . . Its combination of concrete analysis and theoretical insights should provide for a productive discussion."

—Timothy L. Smith, *The Law and Politics Book Review*

Why Lawyers Derail Justice

Probing the Roots of Legal Injustices

JOHN C. ANDERSON

"John Anderson has written a moving, powerful book, affected at all points by a sense of justice, and by the language that is used by ordinary men and women as they argue over the things that are right and wrong. It is a book that will be understood at once by citizens—and it may even be grasped by lawyers."

—Hadley Arkes, Amherst College

The Failure of U.S. Tax Policy

Revenue and Politics

SHELDON D. POLLACK

"Pollack looks at tax policy in practice, especially the recent history of tax legislation. He emphasizes the inherent political character of any debate over taxes and observes that external events, such as wars, have far more effect on how we are taxed than academic theories. Scholars take note."

—*The Wall Street Journal*
