Adaptability . . .

In a few minutes, the Percival Merganser is transformed from a luxury air liner to a freighter of Spartan simplicity. All bulkheads, panelling, seating, luggage racks, toilet and other fittings are so designed that they can be detached and replaced at short notice. No other aircraft in its class offers the same facilities for rapid conversion. The three typical cabin arrangements shown are (A) six seater for feeder services or charter: (B) freighter and (C) eight seater for medium distance feeder and charter. The Percival Merganser is an all-metal monoplane with tricycle undercarriage, and is powered by two Gipsy Queen 51 engines driving constant speed propellers. The high wing permits unobstructed view of the ground from all seats.

A 6 passengers,
300 lbs. luggage, 1 crew,
600 miles.

B 1,350 lbs. freight, 1 crew,
800 miles.
1,825 lbs. freight, 1 crew,
300 miles.

C 8 passengers,
104 lbs. luggage, 1 crew,
400 miles.

PERCIVAL MERGANSER
