#### *Andrew Cohen Memorial Fund*

FRIENDS and admirers of the late Sir Andrew Cohen in many countries are sponsoring a Memorial Fund in recognition of his great services to Africa. As he recently devoted much of his energy to encouraging the development of administrative capacity in the new African states, it is proposed to use the Fund to enable young civil servants from African Commonwealth countries to spend some time in other African countries studying the ways in which problems of government, similar to those which they themselves face, are being dealt with elsewhere in Africa. It is hoped that the Commonwealth Foundation, established by Commonwealth Heads of Government in 1965, will administer the fellowships that will be provided by the Fund. All those who share in the appreciation of the work of Sir Andrew Cohen as one of the great civil servants who contributed so much to advancement in many African countries are invited to send contributions to the Fund, c/o Brian McDona, Esq., C.B.E., Royal African Society, 18 Northumberland Avenue, London, W.C. 2.
