List of laboratories. Our comprehensive list of laboratories is published annually, and is also available on the WWW at <http://www.radiocarbon.org/Info/lablist.html>. We ask all laboratory directors to provide their laboratory code designation, as well as current telephone and fax numbers, and e-mail addresses. Changes in names or addresses, additions or deletions should be reported to the Managing Editor. Conventional and AMS laboratories are now arranged in alphabetical order by country, and we include laboratories listed by code designation.
